But with Google Earth you can visit pretty much anywhere you want in the World! <a href="https://www.google.co.uk/intl/en_uk/earth/">https://www.google.co.uk/intl/en_uk/earth/</a></p> <p>Find your street and look at the road you live on. <p><b>Activities</b>  - Beat the Boredom! ... and be helpful!</p>	<p>Also known as Othello - play against the computer or someone at home. Idea is to turn as many counters your colour on the board. The pieces of your opponent's colour that you trap between two of yours become your colour counters. Easy to play.
