

Year 3 Learning Grid

Below you will find a grid of activities that you can complete at home in addition to your daily do's.

Bake a cake/meal with an adult Look at the ingredients: can you convert them to different units of measure? Kg to grams etc	Make an Easter Garden.	Use the pictures of mythical creatures shared with you on HWB or research your own to sketch, paint, draw or create a mythical creature of your choice.	Can you write a short story about your mythical creature on J2E?
Write a book review based on your favourite book. Use emotive language that would persuade someone to read that book. Encourage them to use a wide range of punctuation. Create a new front cover for the book.	Use maths skills to measure the perimeter and area of each room. Which room has the greatest perimeter? Which has the greatest area? First walk around the rooms and predict which one will have the greatest perimeter. Then, measure all the sides of each room. Was your prediction correct?	Create a comic strip biography on your favourite sports star or celebrity. Find out as much information about the person record your research using bullet points. Think about how you could present your comic strip.	Mini beast hunt in your garden. Record what you find in a tally chart and create a graph on J2E. Don't forget your new database skills. Photograph what you find and create a PowerPoint.
Watch a favourite film and write a film review which will encourage other children to watch it. Think about the story and the best bits. You could write an alternative ending. Record your review on the	Create a mythical creature using empty boxes and bottles. Can your creature include any moveable Parts?	Design a new bedroom. Research online what furniture you would like, what colours you would use. Use the internet to help you	Write a play script. Can you act it out to other people? Can you film it using camera on J2E? Can you write it on J2E? Can you use autocue to practise

camera app on J2E.		work out how much it would cost.	reading your play script at speed? Copy it from J2E.
