

**PC Jenny** – was in school this week to work with Year 6 on the topic of cyber bullying. They engaged well and demonstrated a good understanding and thoughtfulness on the topic.

**Lead Creative Schools – Arts Council of Wales** – This week we welcomed a group of people to school to discuss the projects and see the results of the two projects our school has been involved in over the past two years. They also met the children from class 4 who have been involved this year who not only answered a range of questions from the visiting adults but asked a few of their own in turn, including who and how was the Arts Council of Wales' school programme designed and how many schools had been involved across Wales. Our visitors were extremely impressed with the children, their project and their engagement with the design progress. Our visitors were the regional lead for Arts Council of Wales, Director of CCE (Creativity, Culture and Education) who instigate the programme across the world, Director of training at CCE and the Director of Engagement and Participation, Arts Council of Wales.

**Welsh national tests** – Well done to all the children who have shown great resilience and determination during the test period over the past two weeks. We are proud of the effort they all made.
