

Dosbarth Dau Remote Learning

Please follow primarily the school website for remote learning work. Although we may also send links on Dojo.

Flipgrid

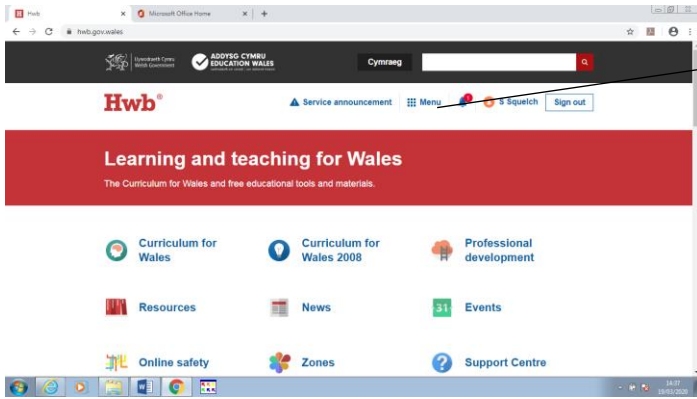

This is a QR code for Flipgrid. Flipgrid is an app that's used by HWB to share and record information. Once you scan this QR code, your child will need to log into their HWB account. Their email address and password are stuck to the inside of the front page. Once logged in, you click on the different topics – as time goes by, we will add further topics. If using a tablet or phone, you will need to download the app. Otherwise, you can use it through a laptop as long as it has a camera and microphone.

All children can view each other's recordings, so as this will be completed at home please ensure:

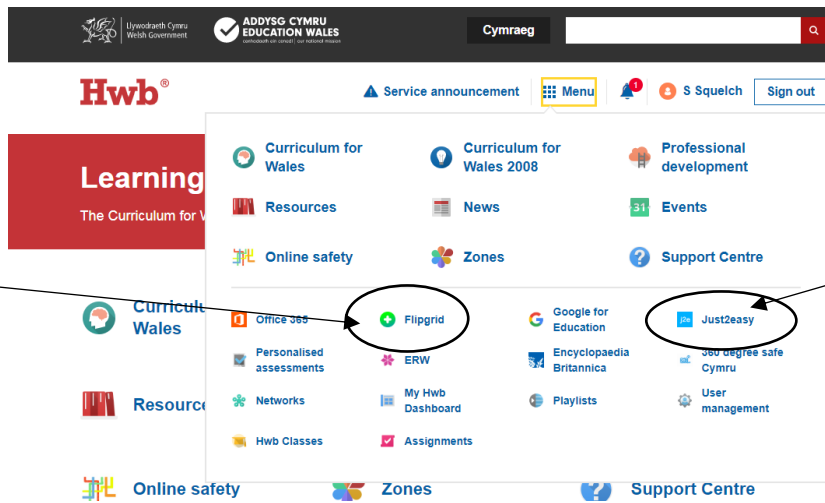

- Children are supervised.
- There are no siblings in the background.
- Children are in a complete state of dress.
- What is said is appropriate and kind.

HWB

Go to <https://hwb.gov.wales/> log on with your child's email address and password. I expect most children to try to do this independently although may need some help.

Click on the Menu waffle
