

To write a story using your imagination.

1. Look at the picture very carefully.

Q. What do you see?

Q. What do you think you could smell?

Q. What could you feel beneath your feet?

Q. What questions do you have?

Q. Where does it lead to?

Q. Who is at the other end?

Q. Who are the two people?

Q. Who made it?

Q. When was it made?

2. Try to write a long story (over half a page). Think about and try to answer the above questions in your story. Your story can be about anything you choose. Use your imagination to add interesting details. **Your challenge is to make me feel hooked and excited to keep reading.**
