5p

1p

1. Choose 3 different coloured cards. Write the amount these give you. Do this six times to make six different amounts.

£5 80p 1p

e.g. £5 and 80p and 1p give us £5.81

2. Choose just 2 cards. One must be pounds. Write the amount these give you. Do this six times to make six different amounts.

£5 80p

e.g. £5 and 80p give us £5.80

Challenge

Write five amounts between £10 and £11 which have two zeros in them. Try to have the zeros in different places!
