

Dosbarth Celyn

Buzzzz!! Check out our new Bee-Bot's! Thanks to all the fundraising, we are lucky to have some lovely new ICT equipment. We have been directing the Bee-Bot and using the jumping mats to find the Welsh animals with our partners. Super work!

As part of our 'Food and Farming' topic this Spring Term, Celyn have enjoyed developing their communication skills and imagination in the Small World area. Great work Dosbarth Celyn :-)

Our Topic in Come and See is 'Meals'. We talked about how sharing a special meal with our friends make us feel and they each had a vote to decide which is their favourite meal. They used the data from a tally chart to make their own Welsh graph. Da iawn pawb!

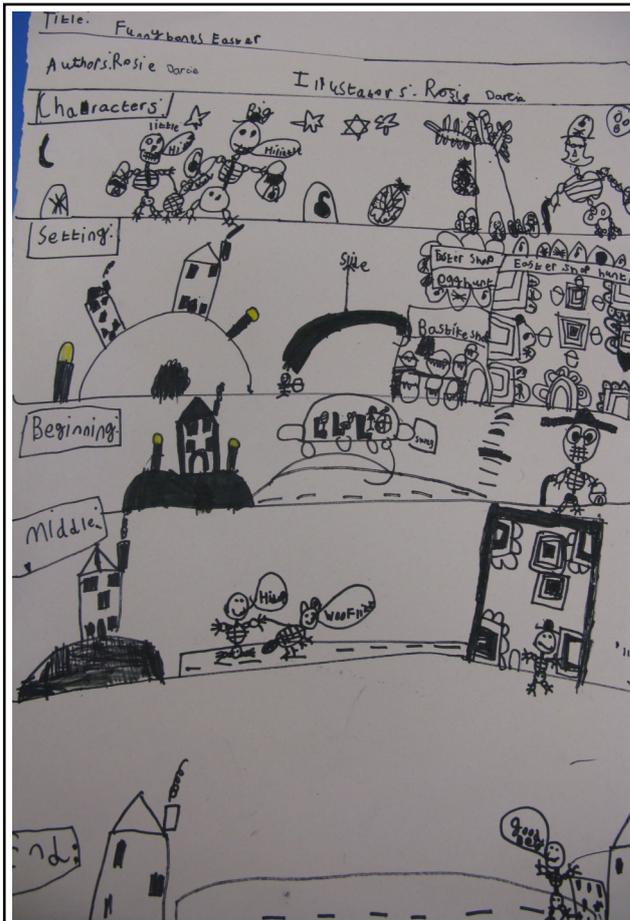

'The sun has got his hat on, hip hip hooray!' To make the most of the sunshine this week Dosbarth Celyn had great fun using the balancing bikes. Hopefully, the weather will start to get nicer so please make sure your child has trainers in school so we can do P.E sessions outside too.

DOSBARTH BEDWEN

Our role play area is "Dewch i weld y doctor". We have written a dialogue in Welsh and we pretend to visit the surgery, asking and answering questions in Welsh.

We have been learning about skeletons and one of our favourite stories is "Funnybones". We have written our own stories and this is one of the plans.

On "Blue in day" we made i-motion movies in our class. This one is about a castle.

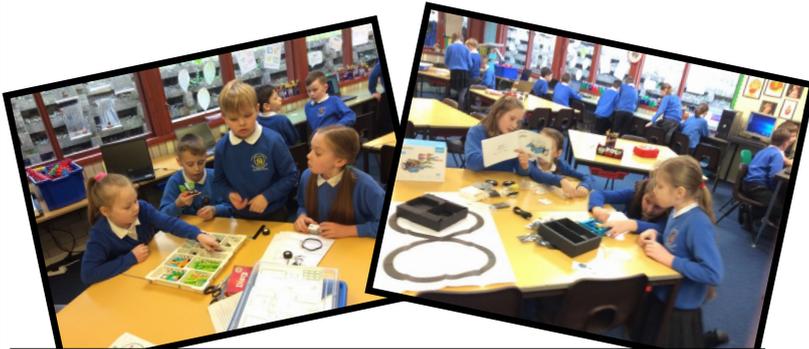

As part of our "Come and See" work we have been looking at seasons and festivals in the Church Year. Sister Helen showed different items used in the mass. This is the Priest's robe used in "Ordinary time" because it is green.

DOSBARTH ONNEN

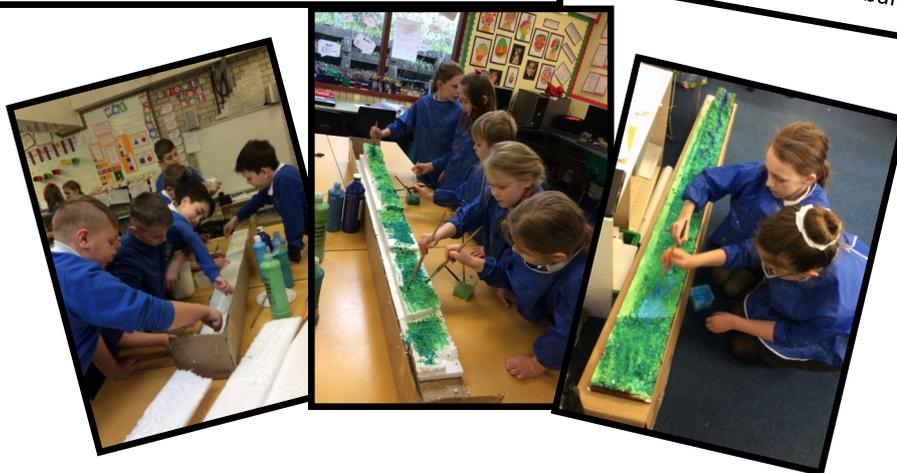

We have been finding out how water moves around in the water cycle. We taped bags to the window to let the heat evaporate some of the water in the bags and then when the water droplets hit the cold window, they condensed and fell back down to the bottom of the bag.

On Internet Safety Day, we talked about staying safe online and we learned how to program micro-bits. It was fun learning how to use the new technology we bought with the money raised in the Autumn Term too.

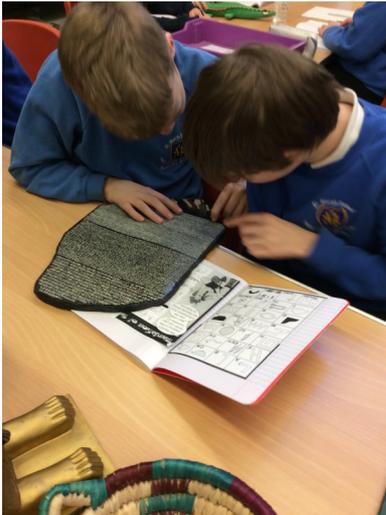

We had an inter-house Kin ball tournament. We played with four teams all at the same time and an enormous ball! We loved it!

As part of our River topic, we did a whole class art project and made a model to show some of the features of a river.

Dosbarth Castan

We have enjoyed starting our topic about Ancient Egypt. It was especially fun to look at Ancient Egyptian artefacts to learn about what life was like in Ancient Egypt.

What is your favourite fact about Ancient Egypt?

We have a new addition to our classroom in Castan - a role play area! We have been getting into character for a job interview this term, using our Welsh language skills to talk all about ourselves - 'Fi Fy Hun'.

Have you got any suggestions for our next role play area?

We thoroughly enjoyed our visit to the library. One of our young ladies, was very appreciative that 'it is so much nicer choosing our own reading material'. This will be a frequent session for us in the future. We have also created our own library, where we will be enjoying many reading events!
