

Year 6, it is your last year at Pen Afan Primary School and you deserve a PARTY! But it's a party you have to plan yourself. Year 5, you have been so lucky to have shared a class with these amazing year 6's so, you're going to plan a party for them to wish them good luck in their new schools.

*The catch? You have a **fictional** budget of **£60**.*

This £60 needs to go towards a location for the party, food and drinks, decorations, and music.

*You will also have a separate **fictional** budget of **£30** for a head to toe outfit for yourself.*

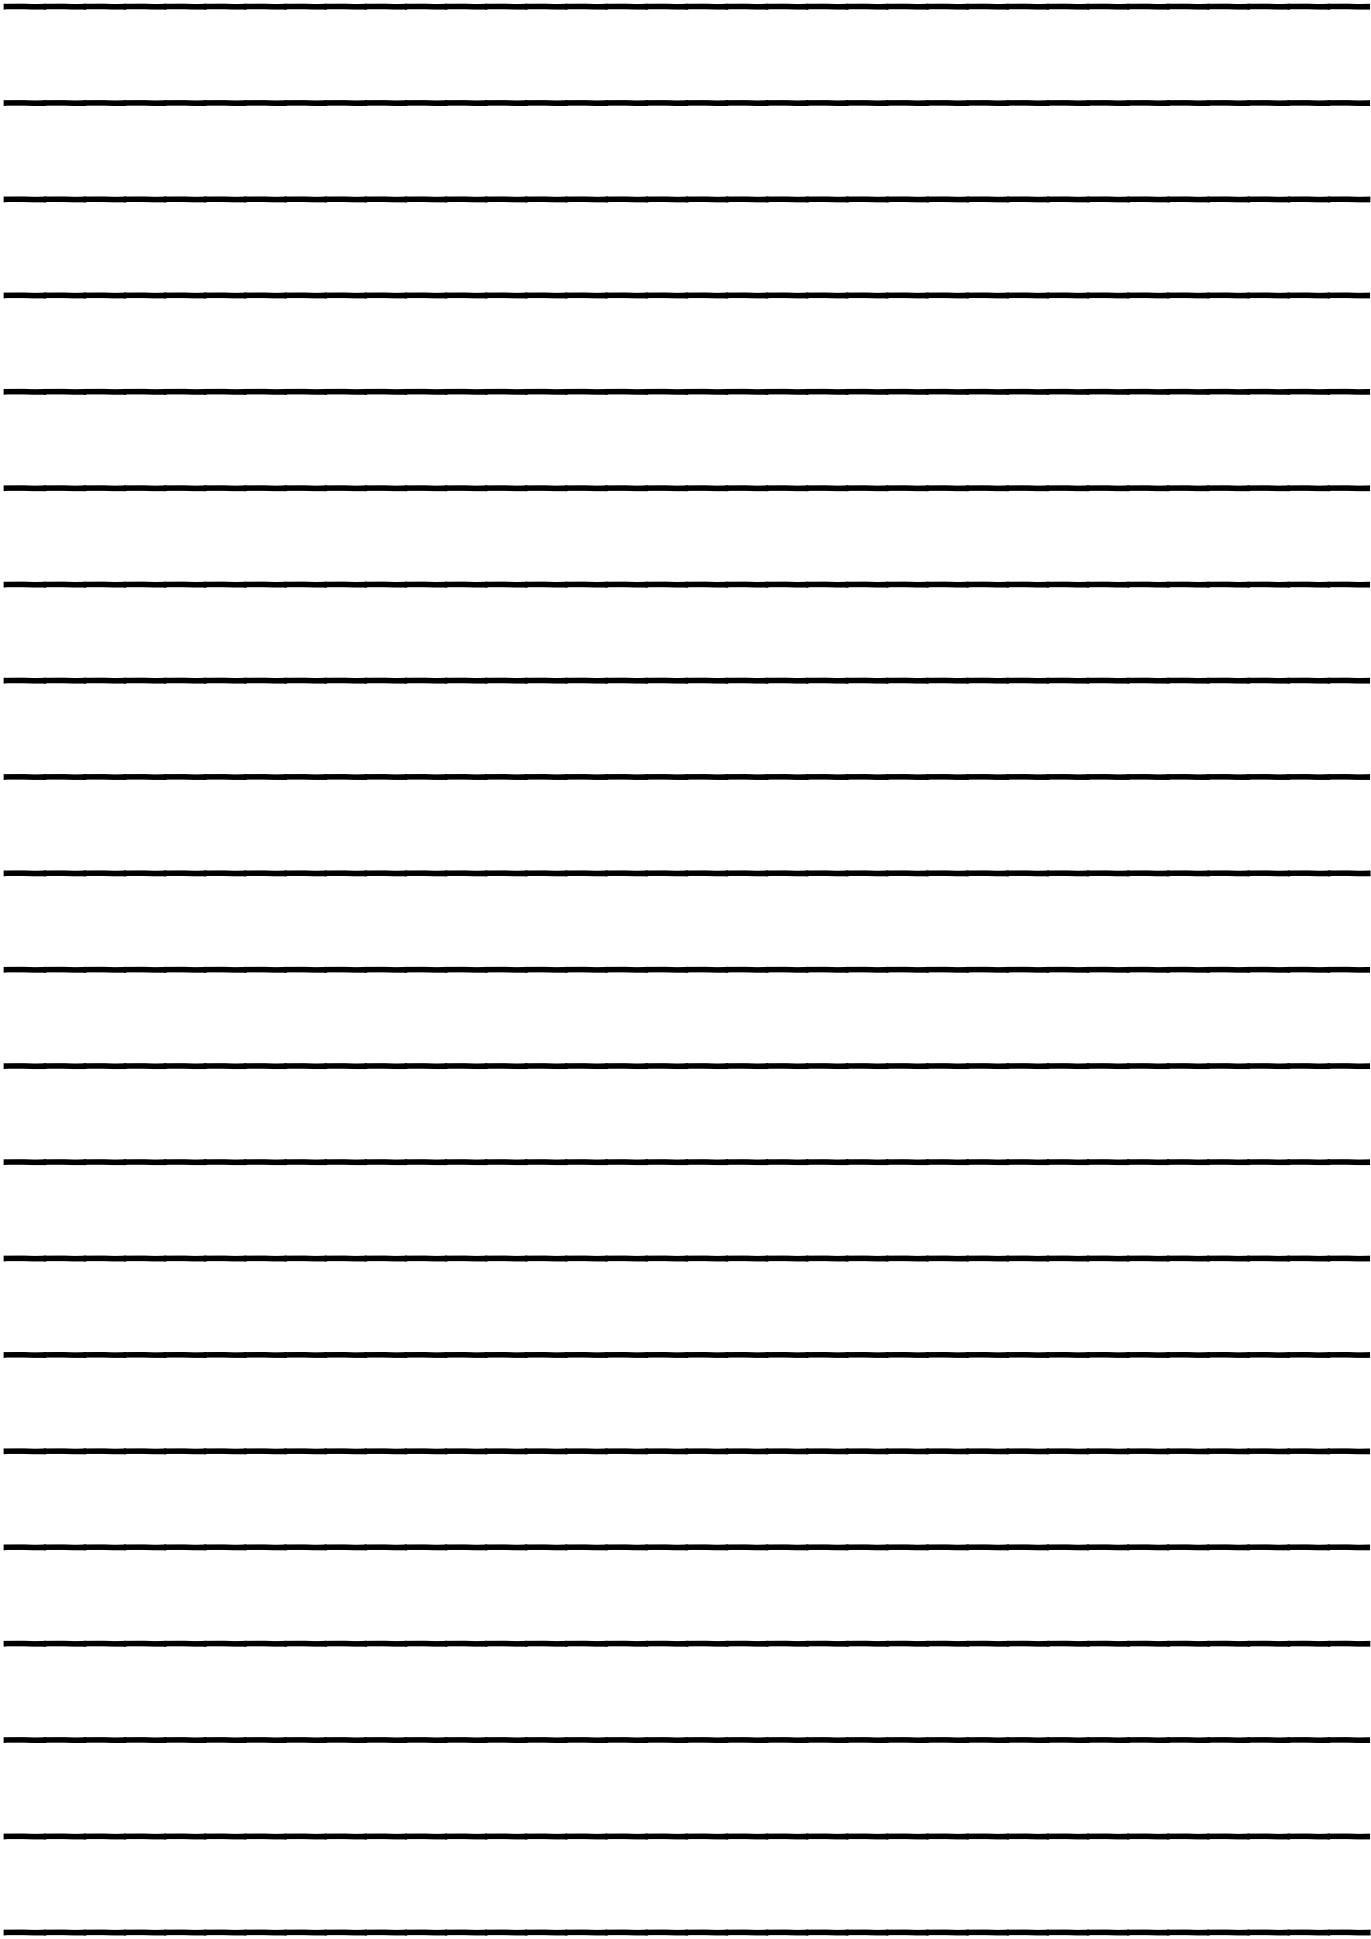

The purpose of this activity is to help you learn to manage money. You will need to use the internet to compare prices on foods and drinks, and decorations. Can you find a venue that is free? Will you have a DJ or a band? Or use YouTube or Spotify for a small cost? Is there a way you could make it free? **REMEMBER, this is for 33 people (including Miss Roberts and Mrs Phelps).**

You don't need to print these pages. Use them as guidance and complete the task in your home learning book.

**DO NOT buy these items!**

What else might you need for a party? Write it in the box below or in your home learning book. Price the items using the internet.
