

Year 2/ 3 Home Learning Tasks Summer Term 2020

Week beginning 6th of July

All Home Learning tasks are uploaded to Seesaw and our school website

Remember to keep practicing your numbers, phonics and reading every day as this will make huge difference. We really don't want you to have forgotten everything you've learnt so far!

Literacy/Topic task

Can you create a poem about your village?

We have previously talked about alliteration and WOW words.

Alliteration: Words starting with the same sound (eg. Soft sweet)

WOW words: Words which describe something (eg. Tall, short, round, friendly, sparkly)

Can you combine your knowledge of the two to create a fantastic poem about the place you live?

Example of poem structure:

In my village you will find...

A Small School

Pretty Parks

Tall Trees

High hills

Fabulous forestry

Super Surgery

Your poem can be as long as you like depending on the different ideas which you come up with.

I look forward to reading your lovely poems!

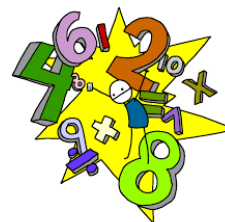

Numeracy task

Can you complete the Mixed Math (Section 4) questions?

The responses I'm getting from these Mixed Maths questions are fab! It's nice to see that you are using a variety of different skills. Very similar this week, there are a variety of different types of math question included - some can be done as mental math and others will need to be worked out with paper and pencil.

-I would love to see some of you workings out. Remember to take a photo and upload to show me!

I have uploaded this to [Seesaw](#) for you to access.

Topic task

Can you create a model of your house or street using recyclable materials?

- *Think carefully about the shapes of the boxes or containers which you will use. Will they suit the shape of your house?*
