

The Federated Schools of the Upper Afan Valley
Acting Headteacher : Mr C. Burden

14th June 2018

Dear Parent / Staff Member,

As you will be aware in accordance with the recent changes to UK data protection law, we recently issued you with a copy of the school's new Privacy Notice which advised you how we use and store etc your personal/ child's personal information.

Unfortunately, it has now come to our attention that the Notices are misleading in that they give the reader the erroneous impression that the school was relying upon your consent to process this personal information. This is not actually the case, the school does not in fact rely upon consent from you to process such information, the legal basis which it in fact relies upon under the new data protection law is that it is doing so "in order to comply with a legal obligation imposed upon us to process it.

Accordingly, the school has decided to replace the Privacy Notice [which was previously issued to yourself and others] with a new Privacy Statement that can be seen on our school website which correctly and unambiguously sets out the basis upon which we use, store etc the personal information." If you would like to receive a paper copy of the revised notices/statements please ask the school office.

We apologise for any confusion in this matter.

Yours sincerely,

Cedric Burden
Acting Headteacher
