Dear Parents/ Carers,

With all the concerns over the Coronavirus outbreak and how this might impact your child's learning, we are offering some ideas to continue their education during any potential school closures.

We also appreciate that keeping children engaged in their learning whilst at home is not going to be easy and so we have prepared content for your child that can be completed both independently and with adult support.

Please see our school website for access to all home learning resources. On each class page we have included suggested activities for each year group. Please use these in addition to the 'Daily do's' listed below.

### **Daily do's for all KS2 children:**

- Read every day using Online Bug Club (Active learn) and/or paper copies.
- Practise Spelling words using J2Blast - Spell Blast.
- Use the variety of resources available on HWB e.g J2e for a word processor.
- Practise times tables using J2Blast - TT Blast.
- Complete online Abacus (Active Learn) maths activities and interactive games.
- Encourage outdoor activities e.g. Could you set up a circuit in the back garden?
- Partake in daily Super movers activities <https://www.bbc.co.uk/teach/supermovers>
- Encourage addition and subtraction through using practical resources and objects.

Many thanks for all your support.
