

My Number Targets: Year 3

Read numbers to 1000.			
Write numbers to 1000.			
Compare & estimate numbers up to 100.			
Use mental strategies to recall number facts up to 20.			
Recall 2 times tables & use to solve multiplication problems.			
Recall 2 times tables & use to solve division problems.			
Recall 10 times tables & use to solve multiplication problems.			
Recall 10 times tables & use to solve division problems.			
Recall 5 times tables & use to solve multiplication problems.			
Recall 5 times tables & use to solve division problems.			
Recall 3 times tables & use to solve multiplication problems.			
Recall 3 times tables & use to solve division problems.			
Recall 4 times tables & use to solve multiplication problems.			
Recall 4 times tables & use to solve division problems.			
Multiply numbers by 10.			
Use halves.			
Use quarters.			
Half 2 digit numbers when using numbers.			
Half 2 digit numbers when using money.			
Half 2 digit numbers when using measures.			
Find fractions from multiplications eg. $\frac{1}{3}$ of $15 = 5$.			
Find differences up to 100.			
Use mental strategies to add 2 digit numbers.			
Use mental strategies to subtract 2 digit numbers.			
Use partitioning to half 2 digit numbers.			
Use partitioning to double 2 digit numbers.			
Check subtraction using addition.			
Check halving using doubling.			
Check multiplication using repeated addition.			
Use different combinations of money to make £2.			
Calculate change from £2.			
Compare & order items up to £10.			
Record money spent & saved.
