

## Learning Activities: Year 5/6

**Week Commencing: 27th April 2020**

Below are a list of activities for your child to complete this week. You can contact me by email or through learning conversations on your child's Hwb account. Please do not hesitate to contact me at [harrington11@hwbcymru.net](mailto:harrington11@hwbcymru.net) if you are unsure of your child's Hwb log in or password, or if you need support with the activities.

<b>Literacy</b>	
<b>1</b>	<b>Spelling:</b> Log into J2Launch and select J2 Blast, then select Spell-blast. Choose 'Practice' section, and then choose 'Year 5/6' spelling words using the slider. Use Spell Blaster to practice these spelling words. If these words are difficult, you can change the words to a different year group using the slider. <a href="https://www.j2e.com/j2blast">https://www.j2e.com/j2blast</a>
<b>2</b>	<b>Writing:</b> These are very challenging times and we are so proud of all you. Each day this week, I would like you to keep a gratitude diary. Write down 3 things that make you happy or that you are grateful for each day.
<b>3</b>	<b>Reading:</b> Read a chapter of your favourite book each day. If you would like to be part of a learning conversation about what we are all reading, follow this link <a href="https://www.j2e.com/tairgwaith-primary-school/Miss+Harrington/What+I+am+Currently+Reading/">https://www.j2e.com/tairgwaith-primary-school/Miss+Harrington/What+I+am+Currently+Reading/</a>

<b>Numeracy</b>	
<b>1</b>	<b>Multiplication/ Division Facts:</b> Follow this link and click on either 'Times Tables' or Division Facts. Try to do this daily or as often as possible as it will really help with recall of basic multiplication and division facts. <a href="https://www.topmarks.co.uk/maths-games/hit-the-button">https://www.topmarks.co.uk/maths-games/hit-the-button</a>
<b>2</b>	<b>White Rose Maths Home Learning:</b> Choose w/c April 27th and the level/year that best suits your ability. Click on the following link to take you to the main page; <a href="https://whiterosemaths.com/homelearning/">https://whiterosemaths.com/homelearning/</a> view the video then complete the activity.
<b>3</b>	<b>Measurement Activity:</b> Choose a variety of items around the house. Make sure an adult knows which items you are choosing. If you have access to scales weigh the items, and record their weight, then order from lightest to heaviest. If you would like a challenge, you could also convert from g to kg. If you do not have access to scales you can order them from lightest to heaviest.

### Topic and PE

<b>1</b>	<b>Topic/ Art:</b> Use whatever recyclable materials, art materials or outdoor materials you have access to and create a picture or collage of a river or seascape.
<b>2</b>	<b>PE:</b> Design a warm up activity, then a 10-minute 'Hiit' style work out. Some of the exercises you could do include squats, star jumps or burpees. Get all the family involved and exercise together.
