

Learning Activities: Nursery/Reception

Week Commencing: 18th May 2020

Below are a list of activities for you to complete with your child this week. You can contact me by email or through learning conversations on your child's Hwb account. Please do not hesitate to contact me if you are unsure of your child's Hwb log in or password, or if you need support with the activities. (SmithK165@hwbcymru.net)

Please upload photos of the activities to your child's Hwb account or attach to an email.

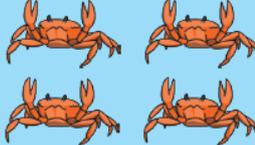

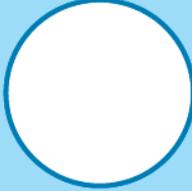

| Literacy | |
|----------|---|
| 1 | Spelling – make a list of words (3-6 letters long) that have 'n' or 'e' in them. You can write the words in interesting ways – coloured pens, paints, chalk outside, sand etc. Examples – nod, net, nest, pen, exit, spent Extension – (Reception pupils only if above words are too easy) ie words – pie, tie, fried, tried |
| 2 | Writing – Mum/Dad/Carers to read a story that you have at home. Write sentences about what happened to the characters in the story using the tricky words 'he' and 'she'. An example may be 'He went to the zoo'. Reception - try to write most of your words independently. Nursery – give the sentence orally and then overwrite parents written words. Please take photos and upload to hwb or send via email. |
| 3 | Reading – Read 2 of the assigned books on Bug Club, complete the quiz activities (click on the Bug icon throughout the book). All Nursery pupils have also been assigned books that you can read through together. |

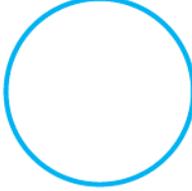

| Numeracy | |
|----------|---|
| 1 | Time – Learn to order the days of the wee correctly. You could make up your own song to help you learn them or have a look at this simple song: https://www.youtube.com/watch?v=mXMofxtDPUQ If you already know the days of the week, please begin to learn the months of the year. You could write them onto cards and order them correctly. |
| 2 | Time – Have a go at recognising the words for the days of the week and put them in order in this interactive game. (If an advert pops up you can close at the top after 5 seconds). https://www.roythezebra.com/reading-games/high-frequency-words-days.html |
| 3 | Adding – Complete the attached worksheet looking at adding numbers together. There are 2 levels. Pick the level most suited to your child, there is no need to do both versions. Some pupils may need support by using cubes, lego etc. to help them add together. If you do not have a printer you could write answers on a piece of paper and take a photo. |

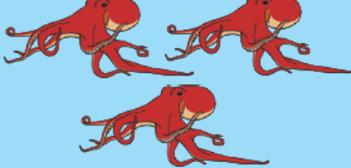

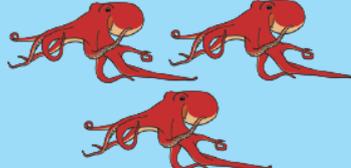

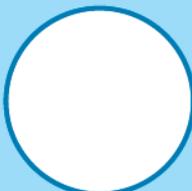

| Topic – Under the Sea | |
|-----------------------|--|
| 1 | Geography – discuss the environment and how it is important to keep our oceans clean and free from plastic waste. How does plastic affect sea creatures? What can we do to stop it? Design a poster to promote the message 'Keep our oceans clean'. |
| 2 | Construction – Design and build a pretend underwater cave. Think about how you could build it, will it be outside? Could you cover objects with a sheet/towels? How could you make it dark in there? Could you tie things together or hang objects? Take a photo of you hiding in your cave and upload to hwb or send via email. |

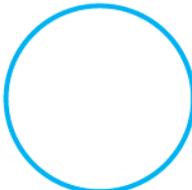

Under The Sea Addition

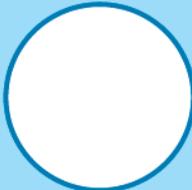

Count the pictures and write down the answers in the circles.
