

## Early Years Unit Home Learning - Nursery

---

### Week commencing: 20 April 2020

Dear Parent/Carer,

Here are some ideas for learning at home this week. Most of these activities will be suitable for your Nursery child. Check their recent Learning Journey for their individual targets to work on. Please also use the items in the home learning pack sent home before we closed. Send me a message on Class Dojo or email me if you are unsure: [timminss@hwbcymru.net](mailto:timminss@hwbcymru.net)

We hope you enjoy these activities. Try to do some phonics everyday otherwise just pick and choose whichever activities you and your child feel like doing and above all have fun! Playing together, reading stories, doing jigsaws and puzzles, playing outside together and doing arts and crafts, drawing and colouring or cooking together are all valuable home learning experiences for your child.

Please see attached files for ideas for:

- **Phonics activities**
- **Maths and Numeracy activities**
- **Languages, Literacy and Communications activities**
- **Health and Wellbeing activities**
- **Science & Tech/Humanities activities**
- **Expressive Arts activities**
