

## Science & Technology / Humanities Activities

Click on the picture to take a virtual trip to the zoo:

### Activities:

- Talk about each animal you see – what is it called, what sound does it make, where does it come from?
- What was your favourite animal? Why is it your favourite?
- Have you seen any of these animals in real life? Where?

### Challenge Activities

Try some of these fun activities about animals:

# Ronald The Rhino

## Home Learning Challenge

Ronald tries to be like the different animals in the jungle. What animals can you pretend to be like? Can you slither on the floor like a snake? Can you leap up and down like a frog or monkey? Can you prowl like a lion?

Ronald's friends help him to realise how special and unique he is. What makes you special? Are you very good at doing something, or kind, funny and helpful? Draw a picture of yourself doing something that makes you special and unique.

Ronald the Rhino is a grey colour. How could you make grey by mixing together other colours? Draw a picture of Ronald and use different materials to colour him in. You could paint him and then add different materials to make his body feel rough like a real rhino.

The story has lots of rhyming words. Can you think of any words that rhyme with 'tree'? You could talk with a friend or someone in your family and see how many you can think of. Perhaps you could start with 'knee' and 'key'.
