

Tuesday 5th May

Please complete work / drawings / art work / printed off images in the purple book provided.

Please write the date and the WALT before you begin the work.

- Activity 1- English.

DEBATES!

A debate is a discussion. There are two sides to the discussion. People who agree and people who do not agree / disagree.

WALT- discuss a topic, give an opinion and listen to another person's opinion.

Read the power point, look at the pictures carefully and discuss the questions on each slide. Choose **one** of the following -

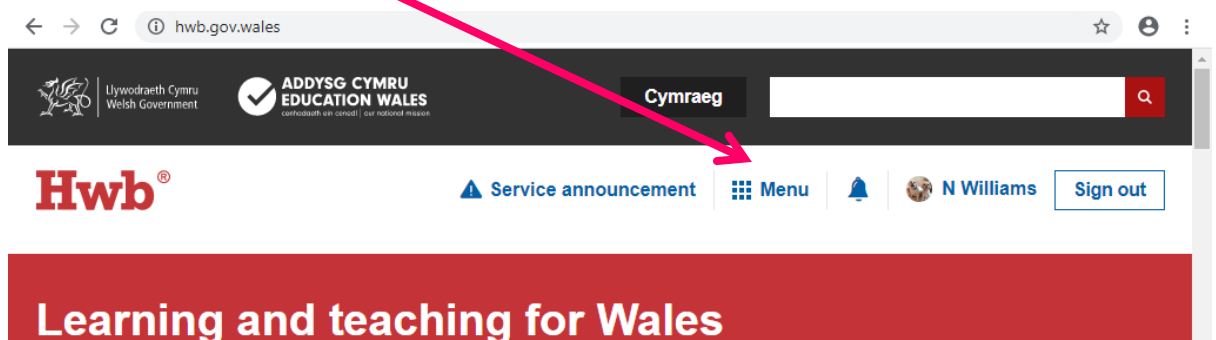

- Record your ideas on a video.
- Type your ideas out on the ipad.
- Or just discuss in as much detail as you can (please can parents write brief notes down about the discussion in purple books).

- Activity 2- Topic

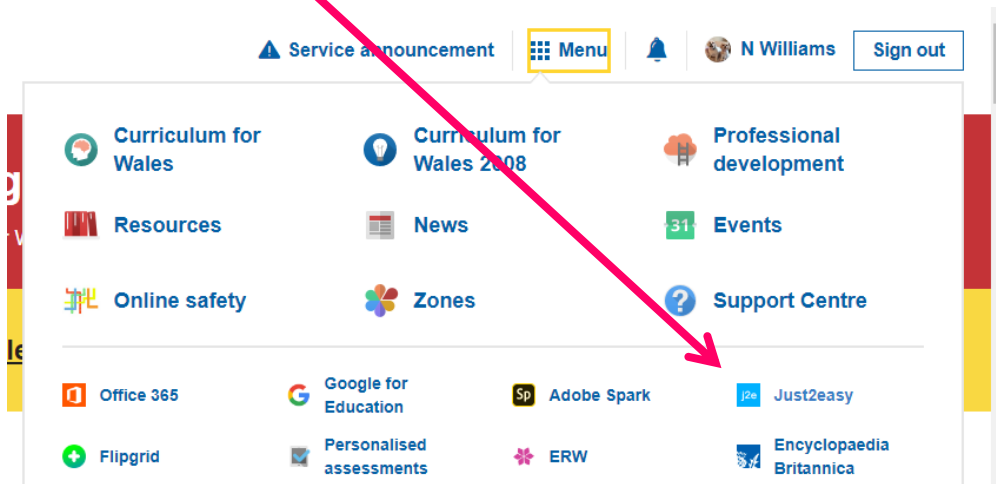

WALT: create a classification key to sort ocean animals.

Instructions for hwb.

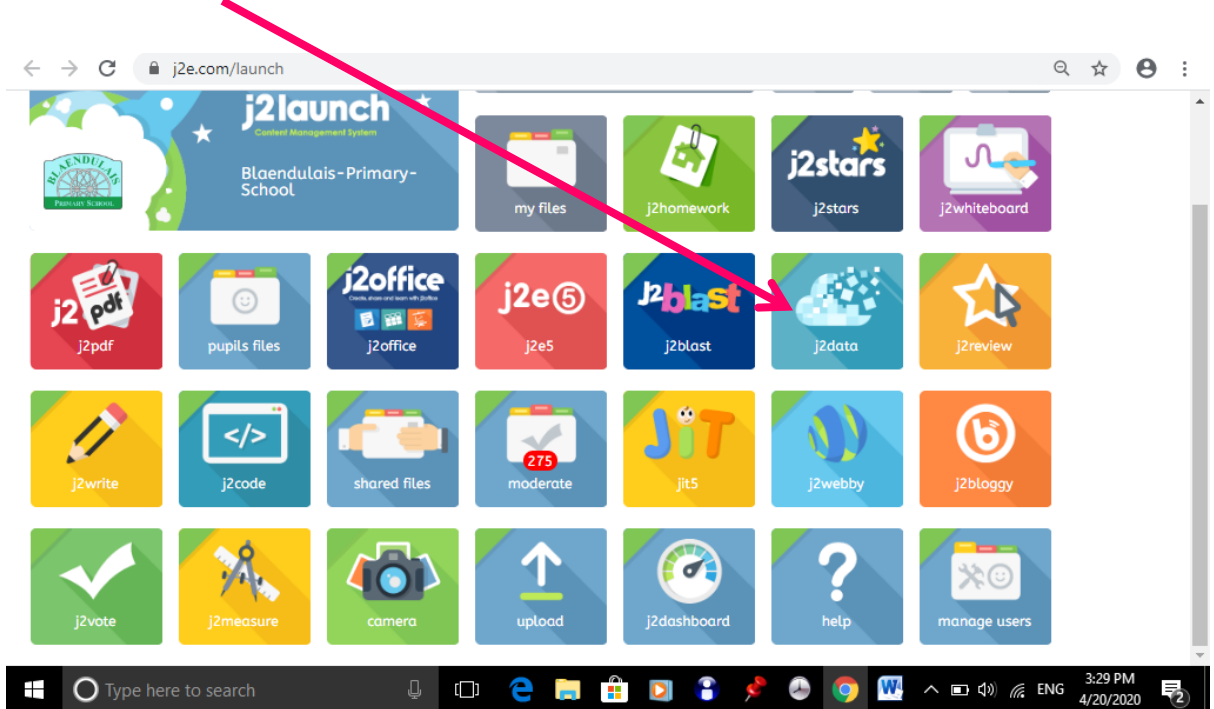

1. Load your internet page and type in www.hwb.gov.wales
2. Log in to your hwb account using your username and password. Hover the mouse over the waffle icon

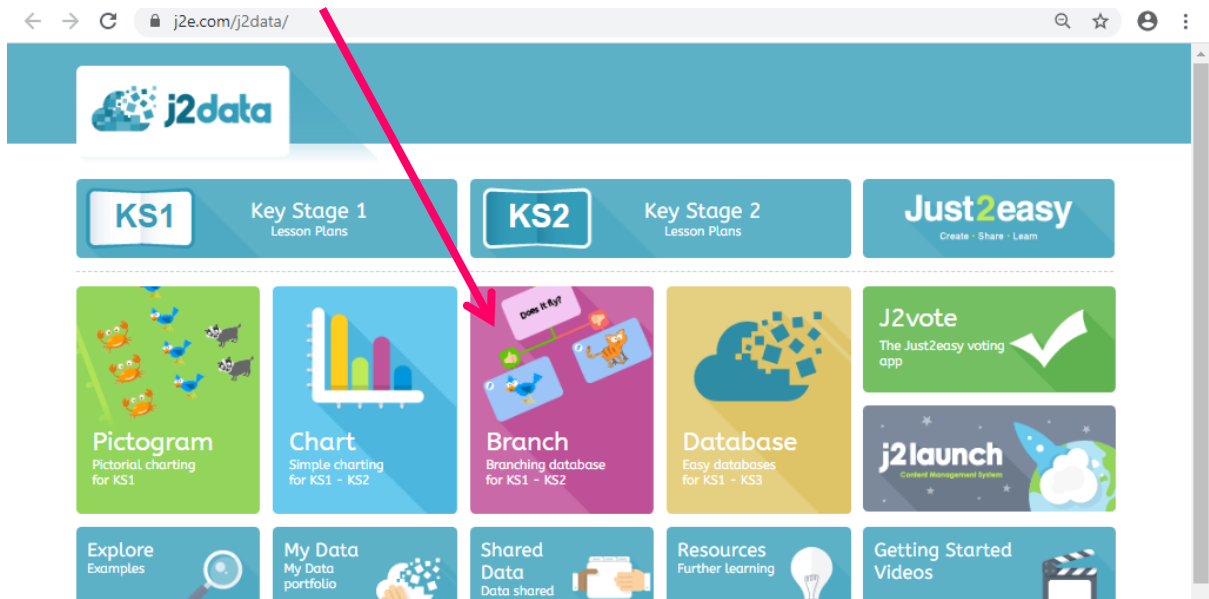

3. Select Just2Easy (blue square icon)

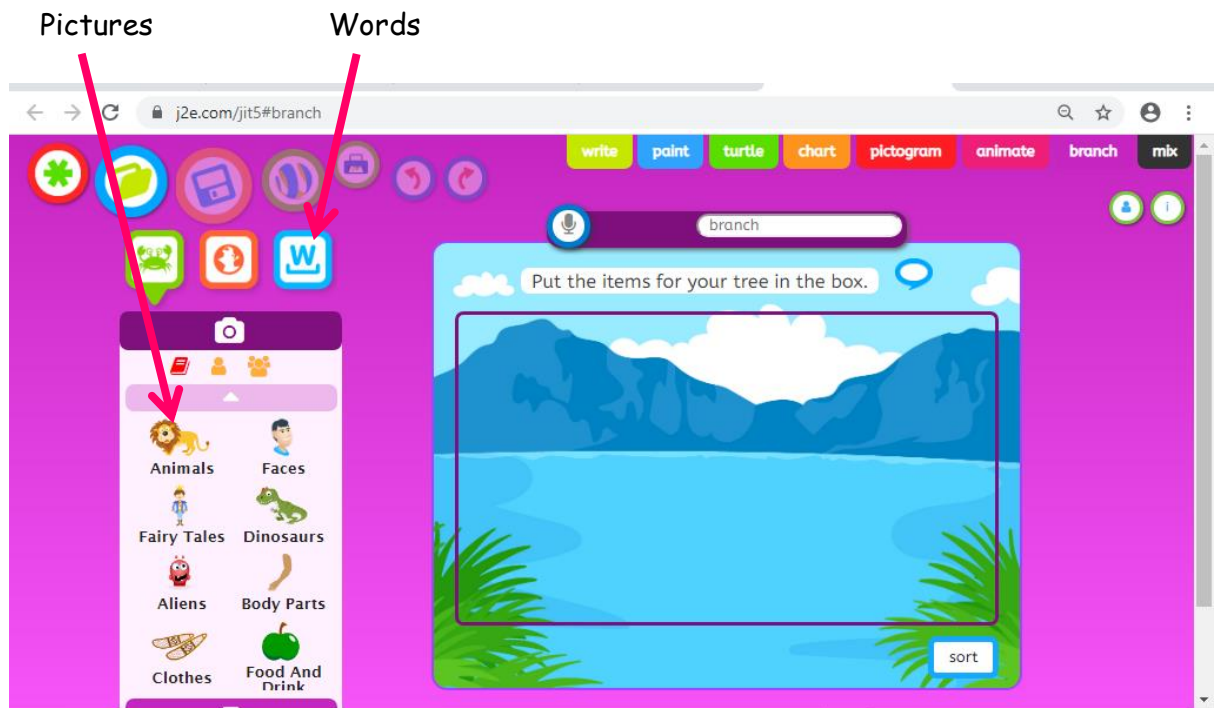

4. Then click on 'J2data'

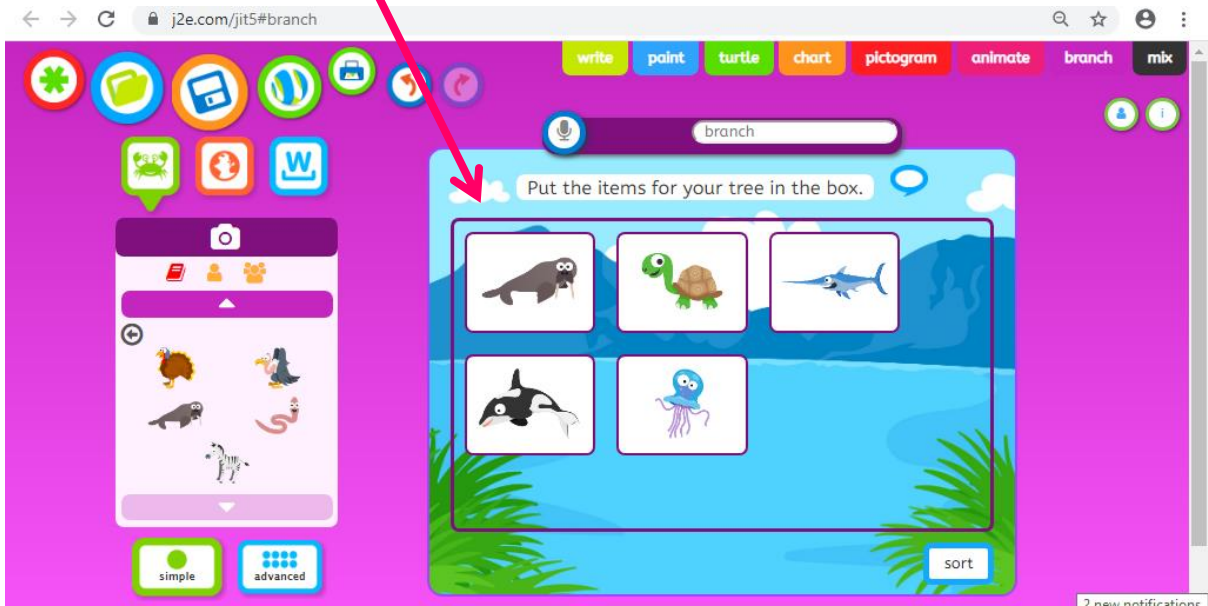

5. And click on 'branch'.

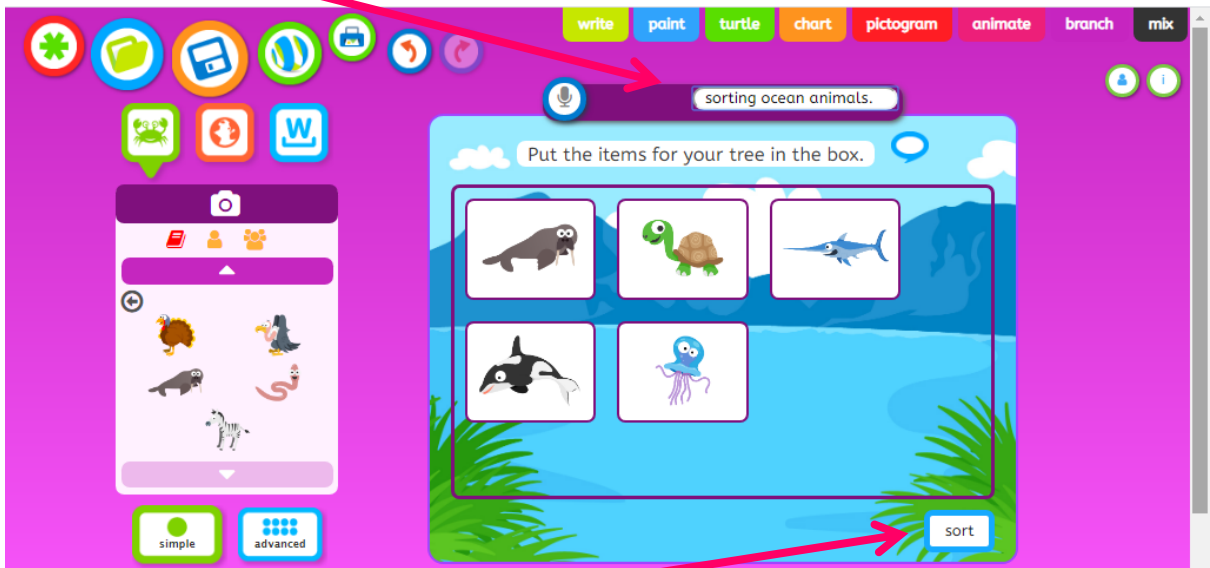

6. First, it will ask you to choose a background. Please select sea or ocean.
7. Select 'animals' (pictures) or 'words' (for animal names- scroll down to click on the word 'water' below the picture of the blue fish).
8. Select the animals by clicking on the pictures / words.

9. Click on **all** of the ocean animal pictures / names that appear, so they enter into the sea/ocean box.

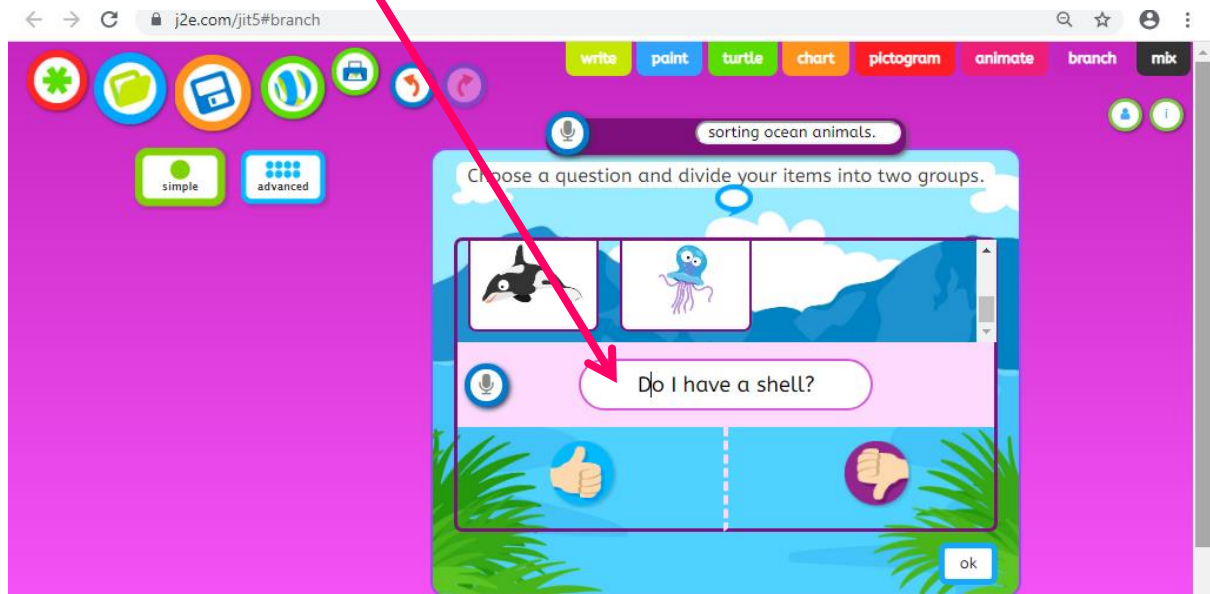

10. Give the classification key a title, such as ...

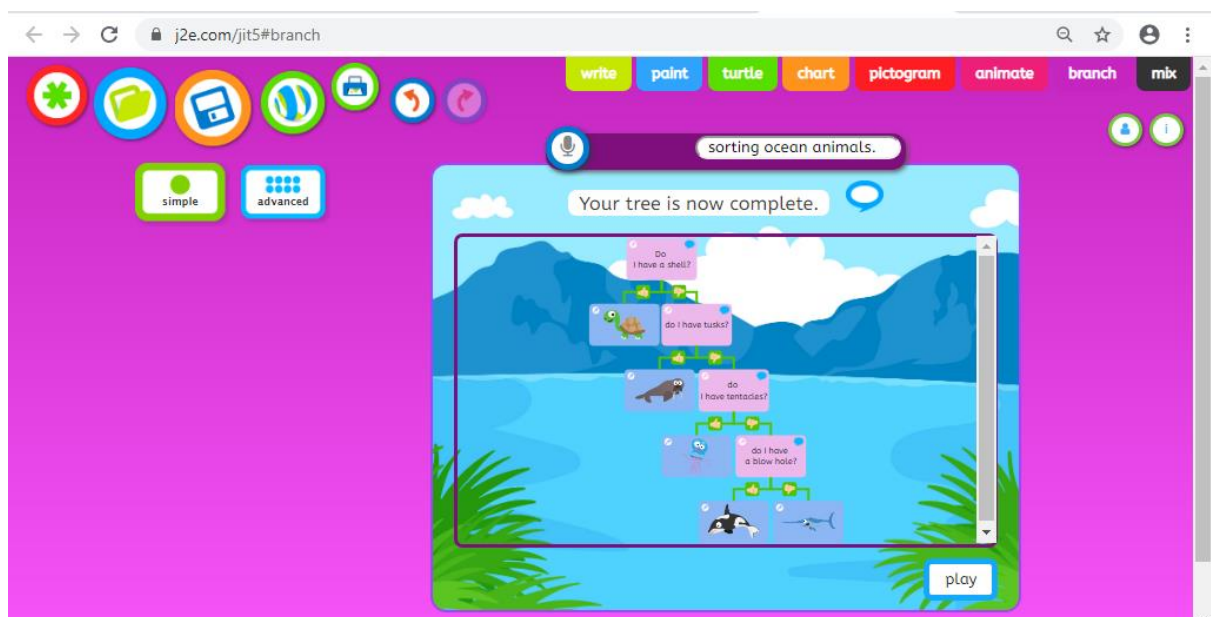

And then click 'sort'.

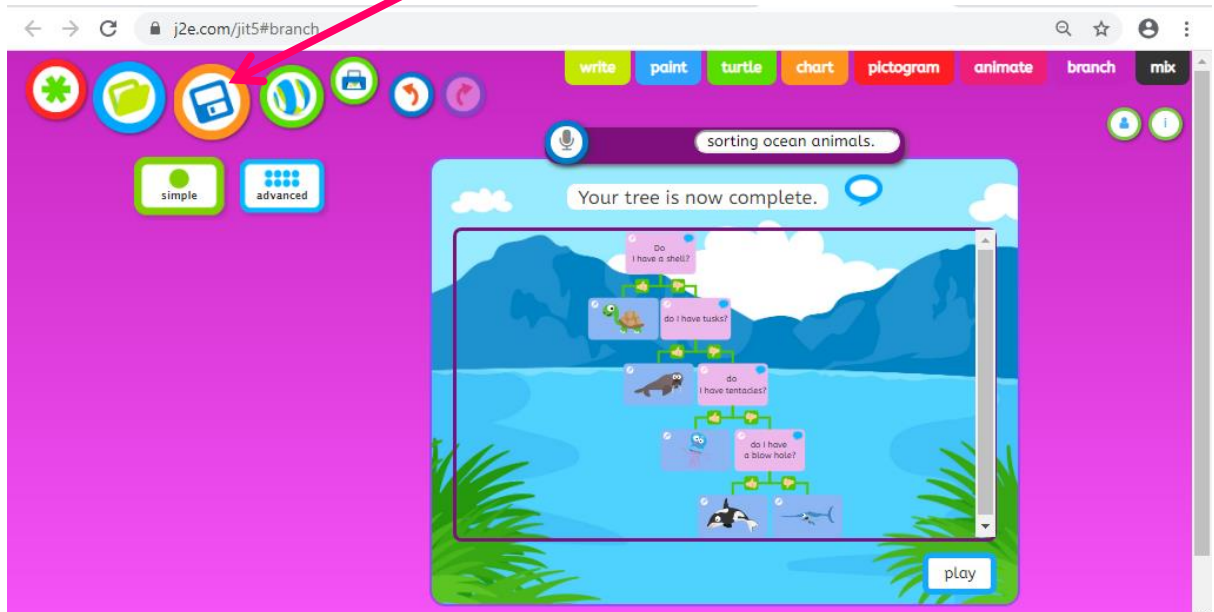

11. Think of a question, type it in and then click to drag the animals into the YES (thumbs up) / NO (thumbs down) boxes below.

12. When complete, click 'ok' and continue to put in another question. Then sort the animals again. Continue until you have no animals left, you have completed the task and this page shows.

13. Save your work by clicking on the floppy disk at the top of the page (use the WALT as the file name)

Well done!! You have made a classification key for the ocean animals 😊

14. Challenge a family member, secretly choose an animal, see if they can use your 'branch' clues to guess what you are 😊

Explore this further- use this process again to sort / create a classification key for other groups of animals

Some questions could include -

- Is the animals a bird / mammal / reptile / amphibian / fish
- Does the animals live on a beach / farm / land / sea / desert
- Does it have legs / wings / claws / a beak / teeth
- Can it live as a pet with us?
- Is it a wild animal?
- Does this animal have fur / scales?
