

Year 4 Spelling words

WALT distinguish between the spelling and meanings of common homophones.

Homophones are words that sound very similar or even the same but have different meanings and uses. For example to, too and two or peace and piece

Take a look at the words below. They sound very similar. Can you spot the difference in their spelling? Look closely at the letters.

Do you know the difference between their meanings? Explaining the difference between their meanings will help you to learn their spellings and when or where you should use them.
