

Thursday 25th June

Please complete work / drawings / art work / printed off images in the purple book provided.

Please write the date and the WALT before you begin the work.

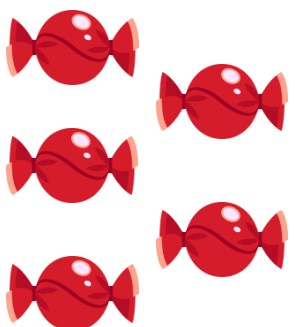

- **Activity 1- Maths**

WALT: identify the fraction of a number.

You can use the fraction poster attached and resources to help ☺

When we find a fraction of a number we divide / share equally between the number on the bottom. For example,

Tim has 10 sweets. Find half ($\frac{1}{2}$)

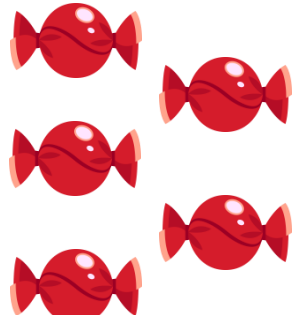

The bottom number of this fraction is 2.

So, 10 sweets are shared equally between 2.

This means they both have the same.

So each person has 5 sweets each.

Half of 10 is 5.

Please see attached activities for group 1, 2 and 3.

- **Activity 2- poster assessment**

WALT: assess our poster.

Tick the table on the next page if you think you added all of the features of a poster.

Red tick- Oops, I forgot this time!

Orange tick- I included this in my poster with some help

Green tick- I remembered to include this independently.

Poster feature.	I think	My parents / sibling thinks
A big, bold colourful title		
A title that shows the meaning of the poster		
2 ocean pollution facts		
2 effects of pollution on my fact file animal		
2 ways me and my friends can help		
At least 2 pictures		
Capital letters to start sentences		
Full stops to end sentences		

Talk about -

1. What you like about your poster.
2. What you would change about your poster.
