

Thursday 18th June

Please complete work / drawings / art work / printed off images in the purple book provided.

Please write the date and the WALT before you begin the work.

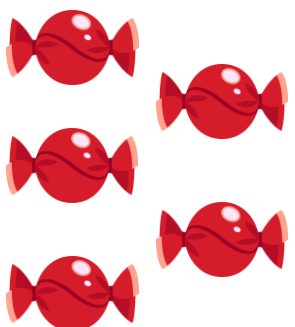

- **Activity 1- Maths**

WALT: identify the fraction of a number.

You can use the fraction poster attached and resources to help ☺

When we find a fraction of a number we divide / share equally between the number on the bottom. For example,

Tim has 10 sweets. Find half ($\frac{1}{2}$)

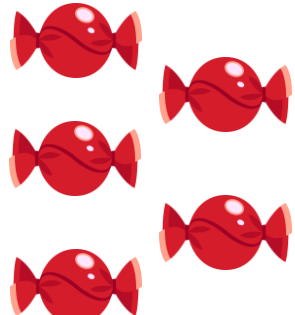

The bottom number of this fraction is 2.

So, 10 sweets are shared equally between 2.

This means they both have the same.

So each person has 5 sweets each.

Half of 10 is 5.

Please see attached activities for group 1, 2 and 3.

- **Activity 2- poetry assessment**

WALT: assess our work

In your poem underline or circle examples of...

Capital letters in red

Full stops in blue

Finger spaces in green

Letters of the animal name down the side in pink

Words / phrases beginning with the correct sound in yellow

Words / phrases that are true about your animal

Comma's in purple.

Talk about -

- 1. What you like about your poem.**
- 2. What you would change about your poem.**
