

## Distance Learning LSC1 Week Beginning 6.7.2020

### Phonics/Literacy

Fidgety Fish

I've recorded this story for you (check the website for the link)

We'll read it together in class too.

Tiddler is a busy fish, he needs to find some things to do. Can you help him by making a list of your favourite things to do – what have you most enjoyed during lockdown?

Can you find the words in the story that show how Tiddler moved like dived, trembled, sped. Read them and think about how Tiddler moved.

When he wakes up, what will Tiddler tell his mum about his adventure? Can you draw or write what he will say?

<https://www.phonicsplay.co.uk/#>

### Numeracy

Let's get moving like Tiddler. Can you set up some challenges and count while you do the. Set a timer for 10/30 seconds and see how many jumps, catches, steps you can do. Practice every day, can you do more movements each day?

How could you record this, make a table or chart to show me how you get on.

## Creative

Think about and listen to the sounds of the seaside here:

<https://youtu.be/g-4iywidiy0>

How are these different to other places you might visit such as a farm or zoo. If you have some instruments at home you could play along to some seaside music.

What games did mum and dad play at school, or your grandparents? Try out some different playground games such as skipping, marbles, hoops, Chinese skipping, clapping rhymes.

## Physical/Outdoors

Let's have a virtual sports day!

Think about your favourite sports day races and practice them at home. Show me photos of you trying them out.

You could do the egg and spoon, relay, running, obstacle course race. Or try something new like long jump, throwing the javelin or trampolining.

Maybe there'll be ice lollies at your sports day too!

## Lego/building challenge

Can you make a model of sports day out of lego?

If you have any questions you can contact me through the ClassDojo app or leave a message at school.

Have a good week.

Stay Safe.

Mrs Totterdale
