

Expressive Arts

There are 3 arts and crafts activities to try and a musical activity:

1. Windmills

The Little Red Hen took her wheat to a windmill. Here she turned it into flour. Can you make your own windmill? There are lots of different ways to make them, below are some ideas:

2. Make a Little Red Hen

Can you make your own Little Red Hen to help retell the story?

You could draw it, paint it, make it out of an egg box or paper plate. Add details by sticking feathers on, make your own feather shapes by carefully cutting paper. Be as creative as you can. There are some ideas below to help you:

3. Process painting with natural materials

Process art is all about the experience rather than the end result! This activity is a great way to explore different textures and designs without using a paintbrush.

As part of Health and Well being we set you the challenge of going on a nature walk to collect natural materials. We are going to use these natural materials to paint with.

You will need:

- Paint – red, yellow and brown if you have them but any three colours will work
- Paper
- Natural materials – leaves, sticks, grass, flowers, stones

What to do:

- Simply dip your different natural materials into the paint and start painting and printing onto your paper.
- What shapes and marks can you make?
- If you hold the material in different places does it make different patterns?

4. Singing the Hickety Pickety Little Red Hen song

Sing-a- long and help the Little Red Hen count her eggs. Click the picture below:

Song:

Hickety pickety my red hen,
She lays eggs for Farmer Ben.
Farmer Ben comes every day,
To count how many eggs lie in the hay.
Pop pop pop pop pop.
