| 8 | OVERALL EFFECTIVENESS Including promotion of SMSC  | St Mark's is a good school which provides good value for money. It is prudently managed and operates within its means.  Children leave the school as successful, confident and responsible learners.  St Mark's prepares children very well for the next phase in their education – they are truly secondary ready  Governance is a real strength of the school – they innovate, collaborate and ensure we provide the best education we can with the resources available. SMSC is strong in the school and kept at the forefront of staff and governors' minds in what they plan, prepare and deliver. The school has the capacity to become an outstanding school – building on the experiences from the feeder Infant School (Wyndham Park – Outstanding May 2014). |                         |                  |   |  |  |
