

Annwyl Pawb

The South Powys Mixed Cricket had to be postponed on Wednesday due to the bad weather. If the weather is kind to us next week it will go ahead on Tuesday.

The Oak & Lime Classes took part in a Rugby Tournament at Brecon High School playing fields today. It was great to see such participation from all pupils. A thoroughly enjoyable day was had by all and the children's skills are certainly developing. Lots of tries were scored and tags grabbed! Thank you to Mr Nick Davies for coming to school each week to do the rugby sessions.

We have had a few reports this week of a return of the dreaded headlice. Please can you check your child's head again this weekend and treat them if necessary. Can you also reinforce the school message of not sharing sun hats – this only helps them spread!

We believe that school and parents working together will help the children learn. Come along and find out how we are helping children learn how to learn and the role you can take in supporting that at home. Find out what those phrases your child has been saying (eg visible learning, growth mindsets, the learning pit) are all about.

### FRIENDS OF CRADOC

The Summer Fete is on Thursday 7th July. This year the funds will be used to purchase outdoor resources for the children.

Look out for the flyer and posters over the next few days, but we would welcome donations for stalls of: books, teddies, toys, bottles, any uniform and good quality bric a brac. If these could arrive at school on Monday 4th July that would really help.

Ade will be running his infamous BBQ so bring along your Grandparents, friends and neighbours.

Please help us to make it an even bigger success than usual by offering to help on a stall - Katie Cherrington has the details or speak to the office.

### RAISE MONEY THE EASY WAY!

To date, Easy fundraising has helped us raise a whopping £1,386.82 for Cradoc at absolutely no cost. Find out more and how you can help at <http://www.easyfundraising.org.uk/causes/cradocschool/?t=PTA-UK-lo&v=a&=>

### MATHS OF THE MONTH (JUNE) – CAPACITY

We set out below what a child is likely to be able to do in each year group. Please practice some of these with your child each week for this month. Thank you for your support.

YN & YR	• Compare the capacity of two objects, eg Does the bucket hold more or less than the bottle?
Y1	• use non-standard units to measure capacity, eg the bucket holds how many jugs of water?
Y2	• Measure capacity in litres.
Y3	• measure to the nearest 100ml.
Y4	• measure capacities to the nearest 50ml or 100ml
Y5	• make use of conversions, e.g. ¼ of a litre = 250ml.
Y6	• use the language of imperial units in daily use, e.g. miles, pints.
Ext	• convert between units of the metric system and carry out calculations.
