

# ACTIVITY TIME

Can you think of some items or religious artefacts that are important in more than one religion? For example, candles, prayer beads and head coverings. Choose one and draw a scene of a child using this item in one of these religions and explain the meaning of this object.

People's beliefs often influence the way they act and behave. Imagine you have discovered a new planet to live on. What ideas do you have about how you would want all the people who live there to treat each other and their planet?

Imagine you are part of your school council. What ideas do you have to make sure your school listens to the thoughts and respects the beliefs of all children?

April was an important month this year for many religions. Can you think of some festivals and events that took place in April? Work with your friends and family safely online and see how many you can think of. You could write a sentence, draw a picture or write a story about a child celebrating this festival or special day.
