

# Treasure: Ancient Egypt Grid 3

Use J2e on Hwb to complete your work as we have done in class (j2office, j2e5, j2data). Send any photos of your work on Class Dojo to your teacher.

In Ancient Egypt men, women and children wore jewellery. Jewellers were skilled craftsmen. The jewellery was beautiful and colourful, and was made out of copper and gold wire, gemstones and coloured glass beads. Using a paper plate or the template in the link below, design your own collar necklace. Take a photo and send it to your teacher on Class Dojo of you modelling your creation 😊
