14th December 2020

Dear Parent/Carer,

We certainly hadn't anticipated that our final week of the term would move to blended learning. Due to the short notice of this change, learning experiences have been adapted this morning for home use. These are now available through the children's *Shared Files* on their J2 Launch Pads.

We fully respect each family's individual circumstances and the possibility that devices are not accessible for use all day. Learning experiences are explained in a video format but tasks can be completed in the home learning book or online. In addition to the set learning tasks, we would also encourage spending time reading, practising basic number facts, spelling and writing.

Whilst school is closed for normal school, staff will be working on site and remotely and Glyncollen remains very much open. Teachers will be available to respond to pupils through the J2 platform and will provide feedback on uploaded tasks and reply to messages. If you have any further questions, you can use J2Message to contact staff or phone the main school office.

Our home learning guidance is available on the J2 Launch Pad. If you have any further questions, please do not hesitate to get in touch.

Kind regards

Suzanne Hamilton

Acting Headteacher
