Tuesday 17<sup>th</sup> March 2020

Dear Parents

Firstly, can I thank all of you for your understanding during the last week. It has been much appreciated.

As you know, we are currently receiving constant updated advice from the government and at present schools have been instructed to remain open.

Your child will be bringing work packs home from school to complete regular activities at home should schools be ordered to close. Please spend some time with your child on a daily basis working through some of the activities provided.

I would highly recommend that you listen to your child read on a daily basis. Please sit with your child and ask them questions about what they have read, what they think may happen next and discuss the meaning of unfamiliar words. It is very important that they continue to read regularly should schools be forced to close.

I would also urge you to practice times tables with your children and complete regular activities relating to the four rules of number (addition, subtraction, multiplication and division) If your child returned to school with a firmer grasp of times tables and had benefited from regular daily reading that would be of great benefit.

I personally often visit [www.primaryresources.co.uk](http://www.primaryresources.co.uk) where a wealth of activities can be found to complete.

I will of course keep you up to date with any further developments.

Yours Sincerely

Mr Paul Harries
