The Skamties experimented with secret rays deep in the dark forests of Terraspell. Braycuvola, the technician, erected force screens to protect words which contained the letters **ise**, **ize** and **yse**.

- 1 The rays affected words by putting in a code symbol <> for **ise**, **ize** and **yse** and muddled the rest of the letters. Reinststate the words and write them out in your book.

**a** tuil <>      **d** rums <>      **g** ttaaln <>  
**b** tapb <>      **e** tamard <>      **h** shact <>  
**c** horuat <>      **f** moonce <>

- 2 Tedstun, the trainee librarian, put the wrong endings on the words. Write out the words correctly.

**a** sunrize      **f** hypnotyse\*      **k** surpryse  
**b** analize      **g** mesmeryse\*      **l** despize  
**c** advertyse      **h** supervize      **m** paralise  
**d** organyse      **i** tranquillyse\*      **n** recognyse\*  
**e** capsise      **j** pryse

**advertise analyse authorise baptise**  
**capsize chastise despise dramatise**  
**economise hypnotise\* mesmerise\***  
**organise paralyse prize recognise\***  
**sunrise surmise surprise supervise**  
**tantalise tranquillise\* utilise**

\*These endings may be **ise** or **ize**. Either is correct.
