

Jack Frost Group

Class 7

Home Learning

7th -8th January 2021

(Language, Maths, Science & ICT)

Language, Literacy & Communication

1. **Flipgrid** - please see my Christmas question and ask mum or dad to record you on their Flipgrid phone app to reply to me. *(Parents I will email you your child's codes)*
2. Think of words beginning with the letters from **Happy New Year** *(The one below is mine, please think of your own)*

H is for home

a is for ant

p is for pen

p is for pip

y is for yellow

Continue with words beginning with the letters of New and Year. Please type up your task on a tablet / computer on Hwb JIT (Write tab) so I can see it. Mum or dad can help you to log on and help you to type on your tablet or computer.

3. **Flipgrid 2021** (Choose 1) My wish for 2021 is to

Or My New Year's Promise is to ...

(Parents I will email you your child's codes)

Mathematical Development

This is all **new** so you will need help from an adult.

You will need -

3 containers that are exactly the same size (plastic cups / yogurt pots / plastic milk bottles) Label each cup 1,2,3
A measuring jug.

1. Practise pouring and emptying the container carefully.

Task Use the measuring jug, pour water to make the cups as follows.

Cup 1 needs to be full.

Cup 2 needs to be half full.

Cup 3 do not pour any water in this cup, it will need to be empty.

Just by looking at the cups, discuss with your parents - Don't forget to use the special words!

Which cup is full?

Which cup is half full?

Which cup is empty?

2. Try using different size containers and find how many small containers you need to fill other larger containers.

Knowledge & Understanding of the World

Fill a small plastic container or plastic milk bottle with water and put it outside overnight.

Check the next morning to see if the water has frozen or not!

ICT

Use Jit and choose the pink animate tab to explore how you can make pictures move. Remember to save your work.
