

## HOME LEARNING TASKS - YEAR 5 - W/C - 1.3.21

Hello Year 5,

As we begin another week of home learning, I hope you and your families are all well. This is a special week where we celebrate St David's Day in Wales, so many of your home learning tasks will have a lot to do with this event! As we cannot celebrate in our usual way, having an Eisteddfod together, we will instead complete lots of tasks at home and will use Flip Grid and our meetings to share these with each other. Dydd Gwyl Dewi Sant Hapus pawb!

Alongside your tasks for this week, please try to get as much fresh air as you can and complete a little exercise every day (this could be anything from completing a Joe Wicks workout, to going for a walk, to dancing around your living room - whatever you enjoy and makes you feel good).

As usual, everything you will need will either be on the school website or in your Hwb e-mails (please remember to check these daily). We will discuss the tasks for this week a little more in our whole class meetings at the usual times. Remember to be ready to listen just like you would in class. I am looking forward to seeing you all in our meetings and on Flip Grid this week.

Take care, keep up the hard work and please remember to get in touch if there is anything you need help with.

Mrs Mellor
