Language, Literacy and Communication

- Blow up a packet of balloons. Using a permanent marker pen write the letter sounds s,a,t,p,i,n one sound on each balloon. Play catch with the balloons sounding out the letters as you go. Make different words with the balloons - it, at, in, sit, sat, pin, tip,

Mathematics

- This week is about recognising, ordering and writing numbers to 5/10. Find 5/10 small stones/pebbles in the garden or on your daily walk. Give them a wash and using a permanent pen write a number on each stone. Put the numbers inside a bag, pull one out at a time and say the number. When the numbers are all out of the bag see if you can order them correctly. Now have a go at writing the numbers using a pencil and paper.

Science and Technology

- This week I'd like you to find out about a creature that lives in a different place to a rockpool. Maybe a pond creature, a creature that lives underground, a creature that lives in the desert, a creature that lives in a jungle. It's up to you, but think about how they are different from the creature you chose to find out about from the rockpool last week.

Humanities

- Find 3 photos of yourself at different stages of your life - baby, toddler, pre-schooler. Using a ball of wool/string cut a length about 50 cm long to make a timeline. Place on the table. Using sellotape stick the wool/string down to the table, tape either end and one piece of tape in the middle. Place the photos at the different stick points on the timeline in the correct order. You've made your own timeline!

Expressive Arts

- Learn this Handwashing song - Tops and bottoms x2, In between x2, Don't forget your thumbs x2, Now there clean x2. To the tune of 'Where is Thumbkin?'

Health and Wellbeing

- This activity is called 'Glitter Hands'. It is about the importance of frequent hand washing right now. Slightly wet your child's hands with water. Pour a little glitter onto their hands and ask them to rub them together. Tell them the challenge is to now wash their hands to remove all the glitter and watch it go down the plug hole. This shows your child the importance of thorough washing to remove germs.
- Please see link on school website for Rights Respecting Schools activity.
