

# Nursery Spring Term 2022

What skills are we learning this term?  
Nursery- Spring Term 2021  
Mrs O'Malley

This term our theme is 'Celebrations'. We are learning about:

## In Health and Well-being we will...

- show care and respect for others when looking at what and why people celebrate
- communicate how we are feeling and begin to have an awareness of how feelings are communicated through our actions during Celebrations
- move in different ways and begin to develop control of gross motor and fine motor movements when creating and practicing Chinese and Welsh Folk dancing

## In Languages, Literacy and Communication we will...

- join in with familiar songs, rhymes, poems and stories both in English and Welsh.
- continue to read and spell our names.
- Engage in multi sensory activities to develop our pencil grasp and pre writing skills
- express our likes and dislikes
- develop our knowledge of books
- begin to be aware of a link between language(s) and culture and develop a sense of belonging.

## In Expressive Arts we will...

- experiment with a variety of creative techniques, materials and processes when creating different decorations, cards, gifts, foods, or dances . E.g Love Spoons, Dragon dances, heart cookies, Mardi Gras Masks etc
- beginning to talk about our moods and emotions and use this to impact upon our creative work

## Additional Information

...

😊

## In Science and Technology we will...

- Explore the use of cameras to take pictures and videos of our celebrations
- Talk about the internet and how to use the internet and our i-pads safely

## In Mathematics and Numeracy we will...

- Sing songs and practise chanting to 10 and back.
- Play games to practise ordering numbers to 10
- Read and write numbers to 5
- Learn the days of the week and use words like today yesterday and tomorrow.
- Learn the names of 3D shapes
- Be introduced to Symmetry
- Use vocabulary associated with weight such as heavy and light

## In Humanities we will...

- Learn about different Celebrations - St Dwynwens Day, Chinese New Year, Valentines Day, Shrove Tuesday, Mardi Gras, St Davids Day and Easter.
- Develop an awareness of who we are, how we are similar and different to others through the different celebrations.
- Identify important events that have happened to us in the past
- Begin to communicate our observations in a simple way
