

# Champion Challenges

## Fair Aware Weather, Climate and Farming

FAIRTRADE

Choose from the challenges below to do at home over the next week.

Send pictures or videos of your learning to your Class Teacher when you have completed challenges on Class Dojo, via email or by sharing on J2E.

**Remember, you can also use Mathletics and Oxford Reading Buddies to support Literacy and Numeracy learning this week.**

### Chocolate!

How many of us enjoyed some chocolatey treats over the Christmas holidays? Food for thought...

What is the special ingredient in chocolate that gives it its chocolatey flavour? What kind of plant does it come from? Where in the world does this special ingredient come from? What might other ingredients be?

(The ingredient is cocoa, it comes from a cacao tree, and it grows in tropical regions of the world.)

Research with your children to find out some information about chocolate.

You could try mapping the journey of cocoa, using the print and cut worksheet.

### UK or Away Fruit?

Use [kiddle.co.uk](http://kiddle.co.uk) to find out if the following fruits can be grown in our country (the United Kingdom- made up of England, Ireland, Scotland and Wales) or if they need to grow in another country. Sort the fruit into two piles:

UK or Away.

If food grows in another country it has an extra layer of travel to get to us- by sea or air.

Strawberries	
Bananas	
Apples	
Coconuts	
Pineapples	
Pears	

For an extra challenge, you could find out which country each fruit grows from and write it next to the fruit.

### Cymraeg

#### Bwyd! Food!

♥ Take a look in your kitchen or at the supermarket. Can you take a photograph of any the following foods and label them in Welsh?

Pizza	Pitsa
Potato	Tatws
Carrot	Moron
Bread	Bara
Milk	Llaeth
Butter	Menyn
Coffee	Coffi
Beans	Ffa
Chips	Sglodion

♥ Place the food item with the Welsh name written underneath it for the photograph. Send them to your class teacher on Dojo!

♥ You could try saying that you like/dont like each item in Welsh by using these sentences:

**Dw i'n hoffi.... (I like....)**

**Dw i ddim yn hoffi... (I don't like....)**

Perhaps you would like to record yourself saying these, and send the video to your class teacher on Dojo 😊

### Food Art

Have fun with your food! Can you use food you have in your house to make a food picture.

Don't forget to take a photo and send it to your teacher on Dojo before you eat your creation!

### Weather Forecast

Look at the weather forecast in Swansea. Compare this to another two countries. Is it the same or different? Look at a place close to home and far away to see if the weather is different. Record yourself talking about the weather in three different places and send it to your teacher on Dojo or upload to Hwb.

For an extra challenge you could look at the average temperatures and rainfall for this month.

### Healthy Bodies!

We all know that keeping healthy is very important. Good food and regular exercise help to keep our bodies healthy. Have a look at the chart below and try some of the exercise. You could make up a routine, or you could add some of your own ideas. We'd love to see some pictures / videos sent via Dojo or Hwb!
