**HOT TASK- Challenge**

HOT TASK to be completed by Monady 12th February. This will be your half termly project. We would like the children to share their projects as part of an oracy assessment.

---

**Literacy:**

Our topic is Disaster Zone focusing on natural disasters. We would like you to complete a written project on this theme (if you have not done a written project previously). You could make a booklet or presentation board.

Possible titles could be Tsunamis, Earthquakes, Hurricanes, Volcanoes etc.

---

**Make sure your written project has:**

- A front cover with title
- A contents page
- A glossary for technical words
- Bibliography- write which books/websites you used

You could complete your project on Hwb (J2E), create a Powerpoint/Sway or write it up yourself.

Please remember to write in your own words (not copy and paste) as this will improve your summarising skills.

---

---

**WARM TASKS- Comfortable!**

Write a glossary of technical words for your project. For example, you could explain what ‘dormant’ means and ‘active’ in relation to volcanoes. Add it to the end of your project when you complete it.

---

Draw a shelter to protect yourself against your chosen disaster. Draw and label the shelter with the features that you would include. Which materials would you use and why? You could make a model of it if you are feeling adventurous!

Create a map for your project. This could take the form of a weather report or it could be a map to explain where the disaster occurred. You could show where volcanoes are located in the world or where earthquakes are most common.

---

**COOL TASKS- Fun!**

Draw or paint a picture relating to your natural disaster. It could be a landscape scene or an action scene.

---

Practice your times tables by playing J2Blast daily- how many points can you score in 5 days? OR To improve your times tables play TT Rock Stars everyday

Be active for 20 minutes every day. Keep a short diary of what you do daily eg. play football, go on the trampoline, Circuit training (as we do in school-star jumps, bunny hops, skipping, sit ups, shuttle runs ) etc

---

**Weekly homework tasks-**

Practice your spelling list in a multi-sensory way at home eg. write in bubble writing, in foam, write them using different types of pen, spell forwards and backwards etc. Spelling test on Friday. We will also have a weekly times table test (Friday). Fri 19th x3, Jan 26th x4, Feb 2nd x5 & x10, Feb 9th x9, Feb 16th x6. Over the next 4 weeks choose 1 Cool task, 2 Warm tasks and the Hot task. Write/record it in your Homework book, on Hwb or separate project folder. We would like the children to complete the HOT task gradually over the next 4 weeks (our usual half termly project). Express afternoon to celebrate projects Thur 15th Feb 2.30pm.
