

Read a story to a family member. Record yourself and send it to your class teacher.

Retell your favourite story in your own words or write your own story.

We are celebrating National Storytelling Week. Please help our school celebrate storytelling from home, by choosing your favourite activities to complete. The activities are designed for a range of ages, so just pick the ones that you like best.

Retell your favourite story (or make up your own) using toys, puppets and whatever else you can find at home.

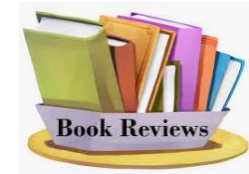

## National Storytelling Week 2021

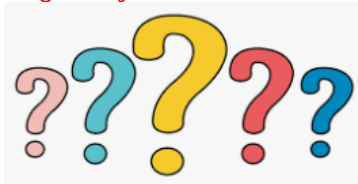

Create an animated version of your favourite story.

Write a book review about your favourite story.

Create a quiz about your favourite story and ask a family member to answer your questions.

Write a story that features your favourite toy, a friend, or a family member as the main character.

Remember to send your pictures and videos of your storytelling to your class teacher!

Create your own DIY finger puppets to retell and make your own stories.

Ask a family member to read you a story. Find out your family and friends' favourite stories!

Create a story map to retell your favourite story or create a story of your own.

Create your own DIY story stones to retell and make your own stories.
