

Screencastify

Recording your screen

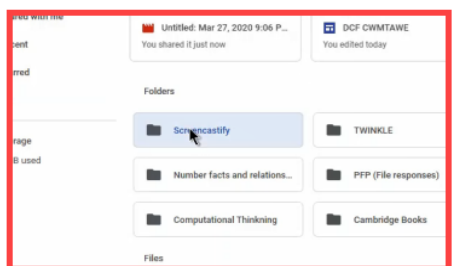

Step 1

When you are logged into Google the **screencastify** icon (arrow) will be up the top next to Googleclassroom

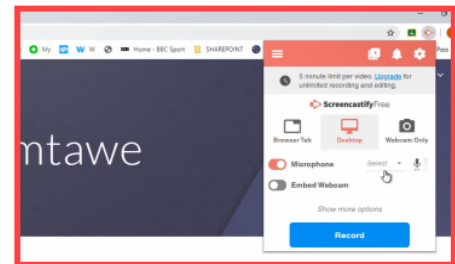

Step 3

The icon at the bottom left allows you to annotate over the screen

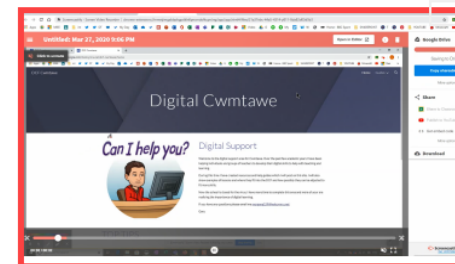

Step 5

A screencasify folder is in your Google drive.

Step 2

Screencastify allows you to record a tab or screen and choose if you want record your microphone and video

Step 4

Once you've finished you can crop the video, you have options to share, but a copy automatically saves in Google drive
