School Admin: Mrs Karen Thomas

Dear Parent / Carer

**Mrs Thomas - Year 5 / Year 6 - week commencing 18<sup>th</sup> January 2021**

In light of the school closures as a result of the Coronavirus Pandemic, we have put together a list of tasks for Week commencing 18<sup>th</sup> January. It is linked to the work your children have been doing in class so that they can continue with their learning while they are at home. I know it is difficult for some of you to print out sheets to work on so wherever possible I have tried to recreate Word documents so that you are able to work on them and share them with me. You could keep your work in an exercise book if you want. Perhaps one for English/Topic and one for Maths. If parents would like to pick these up from school, please phone and arrange a pick up. Alternatively, for work that is not in Word, you could take a photo and either upload it or email it to me. Please set your work out as you would in class, write a title or Learning Objective and please underline them.

**Maths:** Multiplication tables – the focus this term is on x6, x7, x9

Maths Facts – continue with learning these important maths facts.

Multiplication/Division Test 2 for Year 5 and Year 6

Mental Maths 2 for Year 5 and Year 6

Converting 12-hour digital time to 24- hour time and vice versa

Please look at the PowerPoint first (12 and 24 hour clock time) and then complete the tasks on the sheets. Please share them with me.

Year 6 there is a task for Group1, Group 2 and Group 3.

Year 5 there is a task for Group1 and Group 2

**English:**

**Reading:** Please continue to read daily, using either school or home books.

I have also uploaded 'First News 760'. There are 2 reading activities for you to do. Task 1 is 'UK News'. Task 2 is 'World News'. Both have a text and question sheet.

Read the text for each one, answer the questions and share your work with me.

**Spelling:** Year 5 – Set 15 – Spelling Word Exercise

Year 6 – Set 16– Spelling Word Exercise.

I would also like you to write 6 interesting sentences, using 6 of your spelling words.

**Descriptive work:** The focus this week is on complex sentences. Look at the ‘Complex Sentences Presentation’. You then have 3 tasks to complete following on from this.

**Topic / Science:**

Due to ‘Home Learning’ at the moment, we are going to change focus and look at ‘The Earth in Space’

There are 3 tasks:

Task 1: ‘The Earth. What do we know?’ This is just to find out what we already know so it doesn’t matter if you are unsure about some of the answers. Complete the questions on the table and share it with me.

Task 2: ‘The Earth Task 2’. It directs you to BBC Bitesize.

Task 3: This is a Reading Comprehension on ‘Planet Earth’. There is a ‘Planet Earth Comprehension Text’ and a ‘Planet Earth Comprehension Question’ document.

Please complete and share with me.

Answer the questions in full sentences in Word. Remember to give your work a title or L.O. and use correct punctuation.

**P.E:** Joe Wicks is again streaming daily live workouts at 9am on his You Tube Channel – ‘The Body Coach TV’. Have a go at the daily sessions on Monday, Wednesday and Friday. Can you challenge yourself to take part in three sessions a week for the duration of ‘Lockdown?’

**Once completed, please share your work with me by 22<sup>nd</sup> January.**

BBC Bitesize has also outlined work for different subject areas for each Year group.

The Oak National Academy have uploaded lots of resources and lessons for all age groups. If you are looking for more to do, log on to <https://www.thenational.academy> and go to online classroom, subject, Key Stage 2, Year 6 or Year 5 and choose between English, Maths or the Foundation subjects. There are lots of interesting lessons on History, Science and language learning.

These tasks will also be outlined in the shared area of J2easy.

I’ve also created a Class in Teams, where you should also be able to access them.

As usual please email with any queries that you may have.

Stay safe all,

Mrs Thomas – ThomasH260@hwbcymru.net
