

# Learning in Reception

## Do cows drink milk?

### Spring Term

This imaginative learning project will enable us to wonder about questions like...

*What are baby pigs called?*

*Why do pigs roll in the mud?*

*What grows on a farm?*

*Where do the animals sleep?*

*What animals live on a farm?*

*What would happen if there were no farms?*

*What jobs does a farmer do?*

*How many farms are there in Wales?*

This term, Reception will have the opportunity to find out about:

- Animals that live on a farm
- Growing plants and crops
- Role of the farmer
- Farm machinery
- Feeding animals
