Ysgol Bae Baglan

Ysgol Bae Baglan Anti-Smoking Policy

MONITORING AND EVALUATION OF POLICY

This policy will be reviewed annually.

Date passed by Governing Body: Oct 3rd 2018

Chairman *E.V. Latham*

Why do we need a no-smoking policy?

At Ysgol Bae Baglan School we value the health and welfare of all within our community. Research shows that almost a quarter of all young people are regular smokers by the age of 15. Almost all adult smokers took up the habit when they were children. It is estimated that 450 children a day take up the habit. The medical profession regard smoking as the major cause of many illnesses. It is estimated that approximately 114,000 smokers a year die in the UK because of their smoking habit. People can be harmed by second- hand smoke, i.e. by inhaling smoke from other people's cigarettes.

This school acknowledges that smoking and breathing other people's tobacco smoke is both a public health hazard and a health issue and therefore has decided to establish and develop a No Smoking Policy.

This Policy aims to:-

- provide an environment where good health is promoted for all
- highlight to all who use this school site that it is a 'smoke free' environment
- enable the school to tackle smoking-related issues
- raise awareness of the dangers associated with exposure to tobacco smoke and reinforce the school's health education programme
- satisfy Section 2(2)(e) of the Health and Safety at Work Etc. Act 1974, which places a duty on employers to provide a working environment for employees that is 'safe, without risks to health, and adequate as regards facilities and arrangements for their welfare at work.'
- take account of the needs of those who are addicted to smoking and to offer an avenue of support for those who wish to stop.

School environment

- The school site is an entirely smoke free environment. Smoking is not permitted on the school grounds or in the school buildings including toilets, corridors, staff rooms, car parks and playing fields.
- This policy applies to staff, pupils, parents, visitors and contractors when they are on the school site.
- Signs will be put up to remind all visitors of the school's smoke free policy.
- Smoking is not permitted anywhere in the school grounds or buildings at any time. This includes school events held outside normal school hours.
- Organisations and clubs who use the school premises outside of school hours are expected to adhere to the school's No Smoking Policy.
- Teachers, parent helpers and staff are expected to refrain from smoking on all school trips.
- The school will support National No Smoking Day.
- The school will liaise with Trading Standards re: encouraging pupils to apply for a proof of age card.

Shops surrounding the school site should be reminded not to sell cigarettes to pupils in uniform. Any concerns with local premises should be reported to Trading Standards Service on 01639 763333.

Securing Compliance

Staff

- The teaching staff and governors must have a clear and detailed understanding of the damage that cigarette smoking and second hand smoke does to health and are also aware of the nature of tobacco addiction.
- Staff and the PSSHE Co-ordinator will ensure smoking-related topics are adequately incorporated into class teaching for each Key Stage.
- Where possible, staff should link up with the wider community and are encouraged to use the knowledge and materials of outside agencies
- Activities around smoking in schools should complement a community-wide programme of action. Messages should be consistent with and support each other.
- Staff are not permitted to smoke anywhere on the school site.
- Staff will not smoke in front of pupils during educational visits.
- All staff will be provided with a copy of this policy and new staff will be alerted to the existence of the smoke free environment at interview.
- Breaches of this policy will be subject to the normal disciplinary procedures.

Pupils

Schools recognise a duty of care to those pupils who smoke and are committed to assisting them to break the habit.

Help will be made available to those pupils who want advice on how to stop smoking.

If a pupil is caught smoking the following series of actions will be taken: -

1. The pupils will be told to stop smoking and an incident slip completed. This will generate a letter home to parents and an After School Detention.
2. Pupils caught violating school smoking rules may be subject to closer supervision, particularly if there is a repetition of refusal to comply with the schools smoking policy.
3. Continued repetition of the refusal to comply with the school smoking policy within a term will result in parents being invited into school and the possibility of fixed term exclusion. The fixed term exclusion will be a half day (a.m. exclusion) and then the p.m. session will focus on 'thoughtful' work on the theme of smoking.

Parents and Adult Helpers

- Parents/adult helpers will be reminded annually that the school site is a smoke free environment.
- Parent/adult helpers are not permitted to smoke anywhere on the school grounds.
- Parents will be discouraged from smoking at entrances and exits to the school site whilst collecting their child.
- Parents/adult helpers will be asked to refrain from smoking when assisting on any school trips/events.

Contractors, Visitors and Other Users of the School Site

- All contractors, visitors and users of the school site must be informed of the school's No Smoking Policy on signing in at reception and are not permitted to smoke anywhere on the school site.
- Adequate signage will act as a reminder.
- Contractors, visitors and users of the school site should be discouraged from smoking at exits and entrances to the school grounds, especially in view of pupils.
- Breaches of the school's No Smoking Policy by contractors should be reported to the relevant company via the Head Teacher.

Monitoring, Evaluation and Review

- This policy has been devised in full consultation with pupils, staff, health professionals and governors.
- The governors and leadership team will ensure that all staff take responsibility for implementing and regularly monitoring pupils, staff and other adults using the school site to ensure compliance. Overall responsibility for this policy ultimately rests with the Head Teacher.
- The school acknowledges that smoking is an addiction and will ensure that adequate support will be made available to those who want to quit through the intervention of appropriate outside agencies.
- The Governing Body will review this policy annually and assess its implementation and effectiveness. The policy will be promoted and implemented throughout the school.
