

# Qualifications Wales' advice to the Minister for assessment arrangements in 2021

Our advice makes specific proposals for GCSEs, AS and A levels approved for Wales.

## GCSEs NO exams

- one exam unit is replaced by a **unit assessment** and can be delivered within a window at the end of the summer term, which will not be timetabled
- one exam unit is replaced by **sub-unit assessments** that could be delivered earlier, for example in the spring term
- adapted **Non Exam Assessment** units to take place as intended

## AS levels NO exams

- one exam unit is replaced by a **unit assessment** and can be delivered within a window at the end of the summer term, which will not be timetabled
- one exam unit is replaced by **sub-unit assessments** that could be delivered earlier, for example in the spring term
- adapted **Non Exam Assessment** units to take place as intended

## A level ONE exam flexible timetabling

- one exam unit continues to be delivered as an **exam** (the exam timetable will be flexible to allow two opportunities for the unit to be sat)
- one exam unit is replaced by **sub-unit assessments** that could be delivered earlier, for example in the spring term
- adapted **Non Exam Assessment** units proceed as intended
