

END OF TERM ARRANGEMENTS AT NEATH PORT TALBOT FOR PRIMARY AND SPECIAL SCHOOLS

Pupils of a primary school age and those attending special schools will be moving to distance learning provision in NPT from Tuesday, **15th December**, onwards. Schools will be delivering learning remotely and ensuring that pupils continue with their studies until the end of term on **December 18th**.

It is vitally important that all pupils engage with this on-line provision and we must emphasise that, on the advice of Public Health Wales, children and young people should not be allowed to meet with friends and congregate in public places. This remains a school week and all staff and pupils are expected to respect it as such.

This decision also allows families to pre-isolate for the Christmas break (e.g. not mixing outside of the household) for one incubation period (10 days). This is seen as an effective way of lowering the risk of infecting others. Self-isolation remains of paramount importance for anyone with COVID-19 symptoms.

Head teachers will be making local decisions regarding the support for vulnerable pupils who will be expected to attend according to the school's advice and schools are advised to accommodate children of key workers. Transport will continue to be available to those pupils who currently qualify for home to school transport.

This is not an early Christmas holiday, and we request that pupils and parents do everything they can to minimise contact with others.
