

Dear Parents/Carers

Understandably, many of you have queries regarding childcare provision for key workers. Below, is the latest information from Powys County Council. These are anxious times for everyone and I wish to emphasise that the school staff will do what they can and are allowed, to support the school community through this.

*‘On Monday 23rd March and Tuesday 24th , we expect the children of parents who work in the NHS, care and health-related and emergency professions to access services **at their usual school**. Where there are two parents, only one parent will need to be employed in these areas to access the childcare.*

Once we know how many children we have, we will then plan how they can be best provided for from Wednesday onwards in a reduced number of dedicated sites.’

Welsh Government may change the definition of key workers. I have asked the Local Authority for further clarification and I am hopeful that this will be made available as soon as possible.

Thank you for your continued understanding and support.

Adam Faulkner
