

Information regarding September 2020

We are all looking forward to re-opening the whole school and welcoming back the children.

Classes will form extended 'bubbles; there will be limited mixing with other class 'bubbles'. Social distancing will be adhered to where possible. There will be no large gathering of pupils or parents.

Walking from the by-pass to school- please use near side pavement. Walking from school to the by-pass, please use pavement furthest from school. Only one adult should accompany their child/ren to/from school.

Staggered start:

Children should arrive as follows:

Reception, Year 1 and Year 2 (Foundation Phase) - please arrive 8.45-9.00

Years 3 to 6 (KS2) - please arrive 9.00-9.15

Children will go straight to their classrooms.

End of day:

Foundation Phase- please collect between 2.55-3.05

KS2- please collect between 3.05-3.15

If you have children in the Foundation Phase and KS2, please drop them off as near to 9.00 as possible and collect at as near to 3.05 as possible.

The single gate at the far end of the school (Caenbrook Meadow end) will be open for parents and children who walk to/from school to **EXIT** the school grounds. This will limit the number of people having to pass each other on the paths around the car park.

Breakfast club will start on Monday 7th September 8.15-8.45. There is a 50p charge. Children must be registered to attend – forms are available from the school office. Social distancing rules will be followed. After breakfast club, children will go straight to their classrooms.

The school canteen will be open and meals can be paid for through ParentPay as usual. Children will remain in their class 'bubbles'. Fruit snacks will need to be brought in by the children; we will not be selling fruit. Staff will not be able to assist with peeling/cutting of fruit so parents will need to do this and send it in 'ready to eat'.

There will be no infant milk in the first few weeks. Children will need water bottles (available from school office). We will not be providing any cups for water.

If a child has any symptoms of COVID, no matter how mild, they must remain at home.

No child should be sent into school if they have such symptoms.
