

## Pupil Deprivation Grant

The Pupil Deprivation Grant is the Welsh Government's principal means of providing financial support for the national priorities:

- Improving standards of literacy
- Improving standards for numeracy
- Reducing the impact of poverty

For the 2020/21 academic year we have been awarded £43,600. The Governing Body has decided that this year we should focus on:-

- To further develop pupils' reading skills.
- To further develop pupils' in-depth knowledge of mathematical concepts.

The full £43,600 will be spent on staffing to provide intervention groups and targeted support for less able mathematicians, readers and spellers. We are also providing targeted support for those pupils who have the potential to achieve higher levels in mathematics and language.

We prioritise emotional literacy support for our most vulnerable pupils.
