

Dear Parent/ Carer,

Thank you for your cooperation over the last 5 weeks, since we reopened school for Key Worker pupils. It's been a very challenging time for everyone and I appreciate your regular emails and phone calls keeping me up to date with your working patterns so that we can plan ahead each week for your children.

Next week we are open Monday- Thursday and will close on Friday for INSET day for pre-booked staff training. We then have half term break when school will remain closed in readiness for reopening to more pupils. During half term there won't be any home learning for pupils to ensure everyone has a break, a chance to get outside and play and in particular have a break from screen time.

We are awaiting confirmation that the infants will return to school from 22nd February; there is due to be an announcement regarding this tomorrow. We will then update you on the arrangements for the rest of the school as soon as we know more. I appreciate having as much notice as possible helps you organise your schedule with your families and employers and will get back to you as soon as I know more.

Take care and stay safe.

Kind regards,

Mrs Sharp
