

# Superhero Headquarters: Build a Den

It looks like you've been working hard to get you ready for your superhero duties! There's just something missing... that's it! Superhero Headquarters!

Lots of superheroes have a den, lair or hideout where they can observe from afar and wait for the call to go and help people in need. It's also where they keep all of their super equipment, vehicles and costumes!

You can make your own den at home by using blankets, cushions and stable furniture like chairs or tables (make sure you ask an adult before moving any furniture). Why not add some wide sofa cushions to make doors? Large cardboard boxes can also a fantastic addition to a superhero den!

How can you make it unique? Could you hang up your special superhero logo or some of the activities you've done for your superhero training so far?

Once it's complete, you can carry out some more superhero training inside your new headquarters!

We hope you find the information on our website and resource useful. The description of activities in this resource is intended as a general guide only. It may not fit your specific situation. You should not rely on the resource to be right for your situation. It is your responsibility to decide whether to carry out the activity at all and, if you do, to ensure that the activity is safe for those participating. You are responsible for carrying out proper risk assessments on the activities and for providing appropriate supervision. We are not responsible for the health and safety of your group or environment so, insofar as it is possible under the law, we cannot accept liability for any loss suffered by anyone undertaking any activity or activities referred to or described in this resource. Remember, activities listed within the resource should always be supervised by an appropriate adult.

# Superhero Headquarters: Planning a Den

You are going to build your superhero headquarters den. But where do you start? Your den needs to be in a safe place where you have lots of room. You might like to plan your den before you start making it.

Where will your den be?

What do you need to build your den?

What will your superhero headquarters den look like?
