

Newsletter 4: Monday 2nd 2020

News: our school during COVID-19.

Welcome back to school! Despite the worrying times, the children came back to school with a smile and everyone got straight down to work.

We are still in 'lock-down' and, over the half-term break, we did receive a few messages from anxious parents/carers who are worried about social distancing at drop-off/pick-up times.

Could we all help each other and remember to all stay 2m metres apart please? Also, if you are able to wear a mask it would really be appreciated.

This half-term's value is **Hope**. Rev Petra and Bob are visiting us on Teams every week to talk about our values.

Have a look at the **Reception** children's **exercise videos** on their HWB shared files.

Y1/2 have been producing artwork inspired by **Remembrance Day**.

Y3 and **Y4** pupils have been following instructions to produce eggs and dragons.

Y5/6 are entering the '**Little Trooper**' competition with their work about animals involved in conflict.

Information

Many thanks to Marty Jones who has fitted an external cabinet for our new **defibrillator**, situated on the back wall of the staff car park. Cardiac arrests can happen to anyone, at any time. The following steps give someone the best chance of survival. If you come across someone in cardiac arrest: call 999; start CPR; turn on the defibrillator and follow its instructions.

Just a reminder that there will be **no school photographs** this year because of COVID-19.

Also a reminder that it is **Parents' Evening** next week. Your child's teacher will contact you to arrange a time/date.

To support **Children in Need** this year we are inviting everyone to come to school on Friday 13th November dressed in spots or in non-uniform. We suggest a donation of £1.

If your child drew a **Christmas Card** design last term the cards will be coming home this week.
