

## **News.**

Dear parents/carers,

Next week you'll receive the last school newsletter of the year, celebrating our children and all they have achieved this year. There will also be details of staff changes and class structures.

This newsletter is just to let you know that Mrs Strong has accepted a year's secondment to County as Lead for Wellbeing and Equality. This is an area of the curriculum that has grown in importance with the New Curriculum for Wales and Mrs Strong has been regarded as a lead practitioner in supporting our school, and other settings, for many years.

Mrs Strong, Mrs Rimmer and myself (Chair of Governors) thought carefully about the possible impact on our school for several weeks before Mrs Strong applied for the post. We believe that it will bring many advantages to our setting, including the upskilling of staff and an increase in funding for our school.

The school will be in Mrs Rimmer's more-than-capable hands and other management and staff will be stepping up to take on different responsibilities as part of our excellent school team to support her, in her role as Acting Headteacher, until Mrs Strong returns as Headteacher next year.

Mrs Rimmer will still be Aderyn Du's classteacher. She will put extra staff support in place to ensure that her pupils continue to have excellent provision.

Yours sincerely,

Eirlys Spawton, Chair of Governors, Knighton CIW Primary
