## **ALN Parent/Carer Survey on behalf of PCC**

### **Parents and carers of children with Additional learning Needs( ALN) - Do you know the way children and young people with ALN receive support is changing in Wales?**

We really want to hear from parents and carers about these changes here in Pembrokeshire. We know that, to ensure the best outcomes for children and young people, it is important that all partners work together - and this includes parents.

Please take 10 minutes to give your views! The link [HERE](#) to the survey gives parents an opportunity to contribute, and to help develop how information about this support and provision for children and young people is delivered in Pembrokeshire.

The Additional Learning Needs and Educational Tribunal (ALNET) Act (Wales) has passed through Welsh Government and became an Act in January 2018. Starting from September 2021 the new system known as the 'ALN Transformation program' will be introduced over a 3 year transition period. Local Authorities, Schools, Further Education Institutions (FEI's), Early Years settings, Health professionals, and others, have been working hard to get ready for these changes.

There are 12 questions altogether and the survey should take you no more than 10 minutes. Your responses will be recorded anonymously.
